

GOVERNOR PROPOSES SEVERE CUTS IN 1986-87 BUDGET

Plattsburgh State's 1986-87 budget will be \$59,000 less than its current budget, if Governor Cuomo's executive budget, released on Tuesday, is approved. Acting President Jerome H. Supple explained that the college requested, and the SUNY Board of Trustees approved, an increase of \$967,000, including funding for 16 new positions, for 1986-87. However, when the governor's budget was presented, the figure included for Plattsburgh had been cut by more than \$1 million.

"This is a very misleading budget," Supple said. "It contains a request for one additional security officer position here at the college, and that sounds good. But it does not contain enough money to pay the salaries of those people we now have on the faculty and staff." Supple explained that the appropriation in the 1985-86 budget for campus salaries was short by approximately \$130,000. That amount is being restored this winter by a deficiency budget allocation. However, he added, the problem is compounded for next year. Not only is the shortfall not included in the proposed budget, but even fewer salary dollars are appropriated. The proposed budget for Plattsburgh, Supple said, could force a reduction of 10 or more faculty/staff positions.

In addition, the executive budget calls for a SUNY-wide cut of 177 teaching faculty and 51 support positions, to be allocated across the various campuses. This provision, Supple said, would almost surely lead to even further cuts on the Plattsburgh campus.

The proposed budget also contains a serious shortfall in supplies and expenses, Supple said. The college had requested an increase of \$431,000 to offset a severe shortage in general supplies and expenses. The governor, however, proposed an increase of only \$37,000, which is not enough, according to the acting president, to meet the college's current shortfalls of materials and inflationary increases.

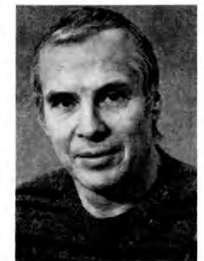

"Once again," Supple said, "SUNY and Plattsburgh State are faced with a disastrous budget. Last year, despite some restorations to the budget, our campus lost three positions and suffered shortages in several budget areas. What we face this year is worse, much worse."

COONS, GILLETT WIN CANADIAN GOVERNMENT GRANTS

Dr. Ernest Coons, professor of recreation in the Center for Teacher Education and Educational Services, and Dr. Lawrence Gillett, professor in the Center for Earth and Environmental Studies, have won 1986 Canadian Government Faculty Enrichment Grants. Dr. Richard Beach, director of the Center for the Study of Canada said, "This marks the sixth year that all applications from Plattsburgh faculty have been funded through this program. During this time, 16 proposals have been submitted and funded, an unprecedented achievement of our faculty, and, indeed, of our Canadian Studies program. No other university in the country has received more than 6 grants, and, to our knowledge, we are the only institution with a 100% success rate."

Under the grant, Coons will develop a course entitled "Wilderness Recreation in Canada." The course, he said, will culminate with Plattsburgh students undertaking a joint wilderness experience in Canada with students from John Abbott College in Montreal. Gillett will develop two one credit mini-courses, "Natural Landscapes of Eastern Canada" and "Natural Landscapes of Western and Arctic Canada." Of the courses, Beach said, "They will be unique in the U.S. and perhaps in North America. In the past, the Canadian government has supported applications only within the traditional disciplines such as history, geography, literature and political science. We have these areas thoroughly covered already and we argued that an exception should be made for our program since we are now seeking a wider scope for our course offerings in Canadian Studies."

This grant is the 51st grant Coons has written since joining the faculty in 1962. A specialist in outdoor education, he coordinates summer recreation programs for the NYS Department of Environmental Conservation. Coons earned his degrees from Springfield College and the University of New Mexico. Gillett also joined the faculty in 1962 and specializes in field geology. He holds degrees from McGill University and Princeton.

PEER RECRUITERS VISIT 76 HIGH SCHOOLS AND COMMUNITY COLLEGES

During this year's Thanksgiving and semester breaks, 103 peer recruiters, recruited and trained by the Admissions Office staff, visited 76 high schools and community colleges in New York, Vermont and Connecticut to talk to prospective students. Peer recruiters are Plattsburgh students who visit high school or community colleges in their hometown areas. During the visits, the students talk with prospective applicants about campus life, giving a student's perspective of Plattsburgh State. Surveys of incoming freshmen have consistently indicated that current students are considered to be the best source of information about the college.

LOUIS WOLFE RESIGNS FROM COLLEGE COUNCIL

Plattsburgh attorney Louis E. Wolfe, a member of the College Council for nine years and its chair for most of that time, resigned from the Council on December 20, saying, "I have devoted many years of service to the College Council and am grateful for the opportunities Governors Carey and Cuomo have given me, but I feel the time has come when others might serve this position with more enthusiasm and vigor."

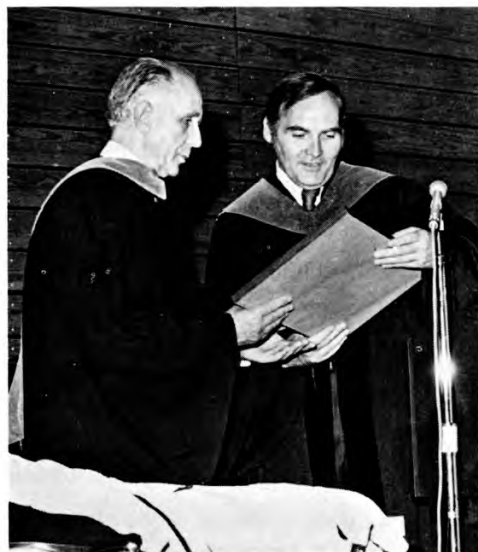

Acting President Jerome H. Supple accepted Wolfe's resignation with regret, commenting, "During Mr. Wolfe's nine-year tenure on the Council, Plattsburgh State has made significant progress in its quest to become the finest comprehensive college in the State University. He played a prominent role in many of our successes. I and my colleagues in the faculty and administration have very much appreciated Mr. Wolfe's candor, his obvious high regard for our institution and his genuine concern for the well-being of its students."

Governor Cuomo will appoint a new Chairperson to replace Wolfe.

COLLEGE FOUNDATION PRESIDENT E. GLENN GILTZ DIES AT 76

E. Glenn Giltz, president of the Plattsburgh College Foundation for the last nine years, died on December 28 following several months of illness. Giltz was 76. He had been associated with the Foundation since its founding in 1963 and had chaired virtually every Foundation committee. Under his direction, the Foundation tripled its annual giving income, launched successful planned giving and endowment programs and substantially increased earnings on investments. Additionally, the Foundation's student aid program grew from \$76,000 allocated to scholarships and grants in 1976 to this year's allocation of \$300,000. Giltz and his wife, Leah, also demonstrated outstanding generosity to the Foundation, as members of the President's Club and founders of an endowment fund, which today totals more than \$50,000. In 1975, Giltz was presented with the college's Distinguished Service Award, and in 1981, was inducted as an honorary member into the campus chapter of Omicron Delta Kappa. In 1982, he received an award from the SUNY Council for University Affairs and Development for "outstanding contributions by an individual to the philanthropic endeavors of SUNY." The following year, the Student Association's Executive Council presented Giltz with a citation in recognition of the "skillful, vigorous leadership . . . provided to the Foundation as its president."

President Joseph C. Burke commented, "Glenn Giltz was the heart and soul of our College Foundation. His magnetic personality, combined with his faith in young people and his personal commitment to helping them achieve their educational goals, attracted the North Country's most able and influential citizens to the Foundation cause and inspired them to serve. Glenn personified leadership and dedication, and that intangible quality we allude to as 'excellence.' "

E. Glenn Giltz receives the Distinguished Service Award from President Joseph C. Burke.

Glenn personified leadership and dedication, and that intangible quality we allude to as 'excellence.' "

A memorial service was held January 1 at the Newman Center. Memorial donations may be made to the E. Glenn and Leah Giltz Endowment Fund, c/o Plattsburgh College Foundation.

VALENTINE DANCE BEING PLANNED FOR FEBRUARY 14

The Faculty Women's Association and the Faculty Association are jointly sponsoring this year's Valentine Dance, which is scheduled for the Angell Center Ballroom "Cabaret" on February 14. Music will be provided by the Knights and tickets are \$10 per couple. Invitations will be sent out very soon to faculty and staff members. Co-chairing the event are Maureen Moll and Joan Burke, and more information is available from Moll at 561-3392.

SPORTS UPDATE; WOMEN'S BASKETBALL TEAM WINS THREE

Steve Hoar's Cardinal hockey team scored an impressive 7-3 win over arch rival Oswego State on Saturday. The 13-7-1 PSUC icers were led by Steve Bester, Neil Mulcahy, and Dave Piromalli, each of whom netted a pair of goals. Freshman netminder Craig Barnett stopped 26 Oswego shots, including several when the Cards were down two skaters early in the third period. This weekend the Cardinals travel to western New York to face Buffalo and Brockport State. PSUC will return home on 1/21 to face Potsdam State. Game time is 7:30 p.m.

The women's basketball team has been on a tear since the beginning of the new year. Last week the Cards stormed to three victories defeating Middlebury 54-51, Hartwick 68-61 and RPI 72-63. Freshman Donna Dixon paced the hoopsters with 24 points against Hartwick and 22 against RPI. PSUC hosts a pair of SUNYAC games this weekend. Cortland State will come to town Friday with the Colonials of Binghamton playing the following evening. Both games will get underway at 6:00 p.m.

Norm Law's men's basketball team had a tough week, losing a pair of road games to opposition from Vermont. On Wednesday the Cards dropped a close 54-50 decision to Middlebury while on Saturday lost to Castleton State 60-52. In the Castleton game the Cards outscored their hosts 22-18 from the floor. Castleton won the game at the charity stripe, converting 22 of 32 attempts while the Cards sank eight of nine. PSUC will host Cortland State and Binghamton State this weekend. Game time for both contests is 8:00 p.m.

SUGGESTIONS BEING SOLICITED FOR MAY COMMENCEMENT SPEAKER

The Commencement Committee is seeking suggestions for a speaker for the spring commencement program. At its December meeting, the committee expressed the opinion that the speaker should be either someone from off-campus, or a member of the college's faculty or staff. Suggestions should be submitted to the Office of the College Relations prior to January 21.

THREE EXHIBITIONS OPEN IN CAMPUS GALLERIES

Three art exhibitions opened this week in the campus art galleries. An exhibition of paintings by Donald Cole is now on display in the Myers Fine Arts Gallery. An abstract expressionist, Cole will be on campus January 30 and 31 for a lecture and workshops. A collection of photographs by Dennis Aprill, entitled "Impressions of Nature" is on exhibit in the Rockwell Kent Gallery. Aprill is a lecturer in the English department and spends his summers as a licensed New York State guide to canoeists and fishermen. Also on exhibit in the Kent Gallery is "Architectural Heritage," Plattsburgh's contribution to New York State's Year of Architectural Heritage. The exhibit concentrates on photographs and drawings of the plans for the Angell College Center and the Feinberg Library, which were designed by world-famous architect Romano Girgalo. All three exhibits will run through February 16. They are free and open to the public.

weekly notes

Lawrence Arcarese, associate professor of communications, has been invited to serve as a member of the 1987 Association for Educational Communications and Technology Planning Task Force. The Task Force will meet during the AECT's national convention being held in Las Vegas this week to plan next year's national convention in Atlanta. Arcarese, who is president-elect of the Industrial Training and Education Division of AECT, served this year as a member of the evaluation team which judged personnel training programs from a variety of nationally known corporations for the group's annual awards. The judging took place on the Plattsburgh campus January 4-5. . . Twenty-seven paintings by **William Crosby**, professor in the Center for Art, Music and Theatre, are part of a two-man exhibition (with ceramist Vincent Clemente) at Cazenovia College on display now through January 24. Crosby's paintings, entitled "Landscape Paintings: The Adirondacks and the North Atlantic Coast," have been selected from various local exhibitions. . . A book review by **Dr. James Dawson**, professor in the Center for Earth and Environmental Science, has been published in the winter, 1985 edition of *Environmental Review*. The book review was on Manuel Marti, Jr.'s *No Place to Hide: Crisis and Future of American Habitats*. . . **Dr. Helen Deresky**, assistant professor in the School of Business, has had an article, entitled "Advances in Research on Executive Work and Behavior: Challenges for Management Education," accepted for publication in "The Business Education Journal." . . **Mary Dóssin's** article "Writing Workshops as an Adjunct to the Basic Writing Course" has been published in *Proceedings on the Annual Conference: State University of New York Council on Writing*. Dóssin is a writing skills specialist in Special Services Project. . . **Dr. William Gaeddert's** article "Sex and Sex Role Effects on Achievement Strivings: Dimensions of Similarity and Difference" has been published in "The Journal of Personality" and was reprinted in *Gender and Personality*, which was edited by Stewart and Lykes. . . **Don Garrant**, assistant to the president for college relations, has received an "Award of Excellence" for his contributions to higher education and SUNY during the past 25 years. The award was presented by the SUNY Council for University Affairs and Development. . . **Dr. Lawrence Shaffer**, associate professor of psychology, recently delivered the keynote address to 200 guidance counselors at a SUNY "Operation Information" meeting at the SUNY Maritime College. . . **Dr. John Tomlin**, associate professor of sociology, will participate in a national conference, "Victim Rights: Is It Time for a Constitutional Amendment" being held next week in Washington, D.C. under the sponsorship of the National Organization for Victim Assistance. . . **Roger Williams**, associate professor in the Center for Art, Music and Theatre, was selected as a participant in the December exhibition, "American Landscape Photography," at the Mendocino Coast Art Center in California. UPWARD BOUND CELEBRATES 20 YEARS ON CAMPUS

The College's Upward Bound Program is celebrating its twentieth year of operation on the Plattsburgh State campus. Upward Bound Director Vivian Papson outlined some of the achievements of the program, which was instituted to provide the motivation and the skills for economically disadvantaged high school students to make the transition to a successful post-secondary education. "During our twenty year history on campus," she said, "the Upward Bound Program has received more than three million dollars in federal funds and has served nearly 900 North Country students. Follow-up studies in 1978, 1982, and 1985 indicated that students served by our program have continued to maintain a strikingly higher success rate (compared to low-income students from the same schools who do not participate in the Upward Bound Program) in regard to high school graduation, entrance to post-secondary institutions, and subsequent retention to graduation from those higher education institutions. The most recent study showed that the post-secondary education retention and graduation rate for PSUC Upward Bound alumni is 80%, a rate four times higher than that for similar students not receiving services."

Papson added, "We have also found that the overwhelming majority of Upward Bound students (80%) enroll at North Country institutions, and almost as many (70.4%) still reside within the three county area."

Plattsburgh State's Upward Bound Program presently serves 110 students from every public high school in Clinton County and from 18 additional public high schools in Essex and Franklin counties. Participants spend six weeks during the summer enrolled in classes on campus and also participate in academically oriented activities during the regular school year. Upward Bound is currently establishing outreach tutoring services in five areas in order to make those services more accessible. Funding for the 1985-86 academic year totals \$254,000.

VALUE-ADDED PROGRAM FEATURED IN NATIONAL NEWSLETTER

A lengthy article on Plattsburgh's Value-Added Program was published in the November-December issue of the "Value-Added Exchange," a newsletter published by the Higher Education Research Institute at UCLA. The article, entitled "SUNY Plattsburgh to Enhance Quality Through Value-Added Assessment — The Views of Leadership for Change" outlines the college's program and quotes extensively from President Joseph C. Burke's 1985 "Address to the Faculty."

DAY CARE CENTER RECEIVES \$15,000 IN STATE FUNDING

The College's Day Care Center has received \$15,000 in funding from the SUNY Child Care appropriation, according to Dr. Mary Ellen Dallman, assistant to the dean for professional studies. This is a continuation grant to support the second year of the Center's operation, Dallman said, which will also allow the center to expand its capacity from 24 to 32 children. The Center, located in Sibley Hall, opened in September, 1985 and operates weekdays from 7:30 a.m. to 5:30 p.m. It accepts children, ages eight weeks to age 5, of faculty, staff and students. The Center is currently staffed with six fulltime employees, plus several work-study students, and students doing field placement work from the child/family services and education programs. Dallman said there are currently a few openings for children ages 3-5. Information is available from Dallman at 564-3066. Fees are set on a sliding scale based on income, with the average cost \$55 per week per child.

OMICRON DELTA KAPPA INDUCTS THIRTY-TWO

The campus chapter of Omicron Delta Kappa, the national leadership honor society, inducted 32 new members during a ceremony held Saturday at the Newman Center. Membership in the honor society is based on academic achievement, meritorious leadership and service in extracurricular activities. Established in 1914, the honor society currently has chapters on about 190 colleges and university campuses. The Plattsburgh chapter was formed in 1981 and this latest induction ceremony brought to 339 the number of students, faculty, staff and alumni who have been initiated into the society.

New members, their majors, and their hometowns follow: Jeffrey Agnoli, biology, Hicksville; Christine Angland, communication arts, Rocky Point; Paul Berry, political science, Lake George; Corinne Budzynski, child/family services, Lancaster; Lori Carozza, education, Mahopac; Sandra Clemons, human services, Carthage; Thomas Detwiller, biology, Rockville Centre; Glenn Dow, computer science, West Berne; Peter Fauth, biology, Cortland; Gail Felix, mass media, Bronx; Woodrow Freese Jr., special education, Catskill; Alan Goldstein, chemistry, Ithaca; Thomas Gonyea, business/marketing, Glens Falls; Eileen Greene, speech and hearing, Lindenhurst; Kimberly Kenyon, nursing, Ballston Spa; Nels Maine, education/math, Monroe; Mary Maloney, chemistry, Albany; Laurie Mante, business/marketing, Yorktown Heights; Lisa Marsh, sociology, Franklin; Ann McLaughlin, business/management, Goshen; Andrea Meldrum, psychology, Granville; Tammy Mockler, microbiology, East Nassau; Kyle Page, English/music, Owego; Suzanne Poirer, secondary math, Barton, Vt.; Christopher Relyea, political science/psychology, Victory Mills; Regina Rodolico, marketing/English, East Islip; David Ross, business management, Hauppauge; Daniel Sileo, biology, Peru; Christine Seifert, nursing, Red Hook; Shari Wasserman, communication arts, Centereach; Barbara Wilck, home economics, Lyons; and Mary Zongrone, communication arts, Voorheesville.

DISTINGUISHED VISITING PROFESSORS OF JOURNALISM SERIES CONTINUES

The College's Distinguished Visiting Professors of Journalism Series continues next month with campus visits from two more writers associated with "The New Yorker." Bernard Taper, well known for his biographical writing on figures of the music world like Pablo Casals and George Balanchine, will be on campus February 10-11. Paul Brodeur, whose investigative reporting in the area of occupational and environmental medicine have won him numerous awards, will be the featured guest February 24-25.

Taper is currently professor in the School of Journalism at the University of California at Berkeley. His books include *Gomillion versus Lightfoot*, *Cellist in Exile*, and *Balanchine*. He has been a longtime contributor to "The New Yorker" and all three books appeared first in that magazine.

Brodeur, who has taught at the Columbia Graduate School of Journalism, is a staff writer for "The New Yorker." His books include two novels, *The Sick Fox* and *The Stunt Man*, and several non-fiction works.

Both writers will conduct workshops, visit joint sessions of journalism classes, hold faculty forums, and give public readings from their own works. The Distinguished Visiting Professors of Journalism Series is coordinated by Dr. Janet Groth of the English department, a former member of the editorial staff of "The New Yorker," and the Distinguished Visiting Professor Selection Committee.

CENTER FOR ART, MUSIC AND THEATRE TO SPONSOR HERM MATLOCK CONCERT

The Center for Art, Music and Theatre will sponsor a recital featuring trumpet instructor Herm Matlock at 8 p.m. on Tuesday, January 28 in the Hartman Theatre. Matlock will perform both traditional recital pieces and standard jazz repertoire. The College Sinfonia will accompany Matlock on some pieces. He will also be joined in various works by student Gary Aubin, pianist Kathryn Stuart, pianist Bob Guerrina, bass player Bill Patton, and drummer Harry Thompson. The recital is free and open to the public.

COLLEGE COUNCIL TO MEET JANUARY 24

The Plattsburgh College Council will meet at 3:30 p.m. on Friday, January 24 in the Angell Center Cardinal Lounge. Agenda items for the meeting include the impact of the 1986-87 Executive Budget on the College and a report of the 1985 Annual Giving Campaign of the Plattsburgh College Foundation.

APPLY NOW FOR FINANCIAL AID FOR 1986-87

Students who are interested in receiving federal student aid for 1986-87 should submit Financial Aid Forms to the College Scholarship Service before March 1. The Financial Aid Office also requires that signed copies of parents' and student's 1985 federal and New York State tax returns be submitted directly to the Financial Aid Office no later than April 15 to guarantee first consideration for available grant, scholarship, loan and Work-Study funds. In addition, students who wish to be evaluated for College Work-Study must submit a registration card by April 15. Registration cards are available at the Financial Aid Office and at the Outreach Center in the College Center.

The Financial Aid Form and the tax returns constitute an application for College Work-Study, College Foundation Scholarships, Pell Grant, Supplemental Educational Opportunity Grant, Federal Nursing Loan and the National Direct Student Loan. It is anticipated that award letters will be mailed to current students in May and June, but students are urged to check on the status of their applications in late April.

TAP applications will be mailed to current recipients in March or April. Bank loan applications will be accepted beginning March 1 for summer session and after May 1 for the 1986-87 academic year.

SPORTS UPDATE; HOCKEY BASKETBALL CARDS SCORE SUNYAC WINS

Joey Wright hit an off balance jump shot at the buzzer to give the men's basketball team a 72-71 win over Binghamton State. On Friday, the Cards trounced Cortland State 85-61. Earlier in the week, the Cards lost to nationally ranked Hartwick College in Oneonta. PSUC travels to Oneonta State and New Paltz State this weekend for a pair of important SUNYAC conference games.

Steve Hoar's hockey team won two out of three contests last week. After losing 11-7 at Norwich, the Cards won a pair of SUNYAC games in convincing fashion. PSUC trounced Buffalo 8-1 on Friday before humiliating Brockport State 18-1 the following evening. Bill Kewer and Andre Giroux scored twice against Buffalo while Giroux exploded for his second four-goal game of the season the following night. John Henrick added a hat trick for the 15-8-1 Cardinals.

The men's and women's track and field teams opened the 1986 season on Friday evening at Union College. The women's team, led by Cheryl Miner's win in the 800 meter run, defeated the host squad 62-48. The men placed third behind Union and Colgate with 30 points. Andy Hastings paced the Cards with a 1:56.7 effort in the 800 meter run. The Cardinals host the Cardinal Classic this Saturday. The meet gets underway in the Field House at 12:00 noon.

Phoebe Sturm's women hoopsters drilled Binghamton State 84-54 in an important SUNYAC game. The night before PSUC lost to powerful Cortland State 63-57. Last Wednesday, the Cards lost to Oswego State 74-71. The Cards stand a 6-6 on the season.

PSUC swimmers suffered through a tough weekend with both the men's and women's teams losing to RPI. Kay Maloney led the women with wins in the 200 yard individual medley and the 200 yard backstroke. Jill Aldrich won the 1000 freestyle and the 200 yard butterfly.

1985 FACULTY/STAFF DRIVE ENDS 52% ABOVE 1984 CAMPAIGN

The Plattsburgh College Foundation's 1985 Faculty/Staff Campaign brought in \$19,101.76, or 52% more than the initial Faculty/Staff drive achieved just one year earlier. Foundation Acting President Curtis E. Shipman said that the 1985 total was 36% above the goal of \$14,000, and complimented the 111 faculty and staff members, active and retired, who made the record achievement possible. "It is truly heartening to see the college's own faculty and staff respond so generously to the Foundation's appeal. This response demonstrates a real commitment to and support for excellence within the college itself, and, in turn, encourages our friends in the community to continue their own generous response."

Of the 111 faculty-staff donors in 1985, 16 were new to the Foundation campaign. Shipman also complimented the three co-chairpersons of the drive, Dr. Bruce Butterfield, Clara LaRose, and Dr. Annette Manganel for their efforts in achieving the substantial increases in both total donations and number of donors. "Without their steadfast efforts, the results would not have been possible. They have worked diligently all year toward meeting and exceeding the goal set last spring and have done an outstanding job."

Two donors to the Faculty/Staff campaign contributed \$1,000 or more; 10 gave at the President's Club level (\$500 or more); 13 contributed between \$250 and \$499 to become President's Associates; and 50 donated between \$100 and \$249 to join the Century Club.

Although the 1986 Faculty-Staff Campaign will not officially kick off until early spring, anyone wishing to make a contribution through payroll deduction or through the credit union may wish to consider making those arrangements now. Payroll deduction through the Plattsburgh Credit Union has been available for two years. In addition, the New York State Legislature recently passed a bill allowing employees to contribute through regular payroll deductions. Arrangements may be made through the Payroll Office or through the Credit Union Office.

FALL SPECIAL EVENTS SCHEDULED; OPEN HOUSE, PARENTS WEEKEND COMBINED

The Fall Open House for prospective students and their families and Parents' Weekend will be held on the same weekend next fall. The college's Executive Staff last week approved the scheduling of Parents' Weekend for September 26-28 and Open House for September 27. The combined events should allow parents more access to faculty members, while at the same time giving prospective students a better look at campus activities. Homecoming Weekend has been slated for October 17-19.

FRATERNITY, SORORITY COMMENDED BY COUNCIL OF COMMUNITY SERVICES

Alpha Phi Gamma Sorority and Phi Alpha Nu Fraternity were recently commended by Sheila Payne, executive director of the Council of Community Services of Plattsburgh and Clinton County. A letter from Payne to Acting President Jerome Supple explained that a request was made from Catholic Charities and the Christmas Bureau for help with families who would not have had anything for the Christmas season. "With the help of Edward Engelbride of Campus Life," Payne wrote, "Alpha Phi Gamma Sorority responded with two sacks of toys and additional money. Phi Alpha Nu Fraternity provided a check for \$100 with which we were able to buy clothing and food."

She continued, "'Thus shines a good deed in a naughty world' — word of this generosity spread in the community, resulting in additional monies being donated, which in turn we were able to turn over to the Joint Council for Economic Opportunity Food Bank, which helps families who were not reached by the Christmas Bureau. On behalf of the the two families assisted. . . please know that this kindness will be remembered as the true spirit of Christmas."

BOGUCKI AND GRUENDLING WIN ADDITIONAL EPA FUNDING

Drs. Donald J. Bogucki and Gerhard K. Gruendling, professors of environmental science, have been awarded an additional \$43,412 to support their U.S. Environmental Protection Agency funded research on acid precipitation. Bogucki and Gruendling, with a total of \$93,403 from EPA, are compiling depth to bedrock data for 21 watersheds in the northeastern United States (Maine to Pennsylvania) to evaluate relationships between soil depth and lake pH/alkalinity. The data collection and analyses will be used to refine hypotheses and predictions concerning the terrestrial/aquatic linkages involved in the lake acidification process.

Depth to bedrock determinations will be obtained by utilizing seismic refraction techniques. The field research team, which includes Bogucki and Gruendling, three undergraduate interns, and one graduate research assistant, operate two single channel seismographs and one twelve channel unit. Results of the study will directly support the Integrated Assessment of the National Acid Precipitation Assessment Program and the Direct/Delayed Response Project.

In addition to their EPA research, Bogucki and Gruendling are currently completing a \$100,000 lake acidification assessment funded by Oak Ridge National Laboratory and a \$23,000 Adirondack wetlands mapping project funded by the Adirondack Park Agency.

ON-CAMPUS STUDENTS RAISE NEARLY \$1,100 FOR UNITED WAY

Students in the twelve campus residence halls have raised \$1,096.69 for the United Way, according to Robin Dembo, programming coordinator for the residence halls. Dembo, who turned the money raised over to Michael Mannix, director of the Clinton County United Way, on Tuesday, said that she was very pleased to see 100% participation on the part of the dormitory councils. The six-person dorm councils raised the money through organizing various projects, including collecting cans and bottles, auctioning services, and conducting special events like tuck-in services, bowl-a-thons and swim-a-thons.

WINTER WEEKEND SCHEDULED FOR FEBRUARY 6-9

The annual Winter Weekend has been scheduled for February 6-9, according to co-chairpersons Dwight Perry and Denise Nichols. The theme for weekend is Cupids Winter Weekend and "That's What Friends Are For" is the theme of the semi-formal dance. The weekend begins Thursday evening with an ice skating party at the Fieldhouse from 10 p.m. to midnight. On Friday, Burghy Games will be held, followed by Hockey Nite, with Plattsburgh State meeting Elmira at 7:30 p.m. at the Fieldhouse. A snowbuilding contest will be held on Saturday, with the semi-formal dance scheduled for 10 p.m. - 2 a.m. in the Ballroom, with music by Rob Poulin of 95XXX. "Gone With the Wind" will be shown on Sunday evening. More information is available at the SA Office.

CHAMPLAIN CHAMBER MUSIC SERIES TO PRESENT CONCERT

The Champlain Chamber Music Series will present a concert by clarinetist Nancy Cox and percussionist Thomas Toner at 8 p.m. on Tuesday, February 4 in the Angell College Center Ballroom. Cox and Toner will perform works by Poulenc, Stravinsky, Tanner, Maslanka, Carter, von Weber, Llewellyn and Green. They will be assisted by pianists David Carpenter and Kathryn Stuart.

Cox, a woodwind instructor at the college, has a Master of Music degree in clarinet and woodwinds from Michigan State University. She is a member of the Champlain Valley Symphony Orchestra and performs with various chamber ensembles in this area. Toner, who teaches percussion here and at UVM, has a Bachelor of Music degree from the University of Massachusetts. He directs the percussion ensemble and wind ensemble at UVM, and is principal percussionist with the Vermont Symphony.

UVM FACULTY MEMBERS TO PRESENT WOMEN'S STUDIES FORUM

Two faculty members from the University of Vermont, Edith Deck and Jeanette Folta, will be the guest speakers at the January 30th Women's Studies Forum. Deck, who teaches nursing, and Folta, a member of the department of sociology who also holds a nursing degree, will discuss "Zimbabwe Women: Loss and Change," based on research they carried out in Zimbabwe in 1983-84. Originally focused on women who had lost children through death and on widows, their research came to encompass a number of aspects of women's lives in the Black African nation. In addition to their work in Zimbabwe, Deck and Folta have collaborated on research concerned with death, dying and grief in the United States, Norway, and Nigeria. They co-authored *A Sociological Framework for Patient Care*, and have given many papers and workshops on death and dying and on nursing education.

Deck and Folta will speak at 11:45 a.m. on January 30 in the Angell Center Cardinal Lounge. The lecture is free and open to the public.

SPORTS UPDATE; BASKETBALL TEAMS SCORE BIG WINS

Norm Law's cagers won their fifth consecutive game on Sunday, crushing New Paltz 93-75. Rudy Outlaw and Mark McIntyre each hit for 20 points in the win. Earlier in the week, the Cards defeated Oneonta State 67-61 and Union 71-63. The Cardinals faced number one ranked Potsdam State on Wednesday at Memorial Hall.

Phoebe Sturm's women's roundball squad improved its record to 9-7 by winning three out of the four games they played last week. After losing to St. Lawrence, the Cards won three straight including Sunday's 80-48 blasting of New Paltz State. The team stands at 5-2 in the SUNYAC East.

The hockey team won two out of three games last week. the Cards defeated SUNYAC foes Potsdam State and Cortland State, 8-3 and 15-2 respectively before losing to powerful Elmira College 5-4. Steve Plaskon scored four goals against Cortland and had a total of five for the week. PSUC hosts Buffalo this Saturday at 7:30 p.m. Sophomore defenseman Craig Marshall was named ECAC Division II defenseman of the week last week. Marshall had one goal and five assists during the three-game week.

Craig Marshall

The women's track team, led by Sue Hutchin's four winning performances, easily captured the Cardinal Classic on Saturday. PSUC's 153 points outdistanced runnerup Union which scored 92. The men finished fourth in a 13 team field. The Cards were led by Andy Hastings' victory in the 1500 meter run and Glen Dow's win in the 800 meter run.

Both the men's and women's swimming teams lost to Potsdam State on Saturday. Lynn Schultz and Beth Keicher were double winners for the Cardinals. Pat Driscoll won the 100 yard butterfly for the men.

STUDENTS RECEIVE \$12 MILLION IN AID IN 1985-86

Plattsburgh State students will receive more than \$12 million in financial aid through grants, loans, and work study programs, according to a report prepared by Suzanne Sokolowski, director of financial aid. Sokolowski said that 65% of the college's currently enrolled students receive assistance through one or more existing student aid programs. The twelve aid programs are listed below with the total amount of aid made available through each for the 1985-86 academic year, along with the number of students benefiting from each program. (Please note: some students receive aid from more than one source.)

PROGRAM	\$\$\$ AVAILABLE '85-'86	STUDENTS SERVED
Aid for Part-time Study (APTS)	\$18,198	38
College Foundation Scholarships	\$300,000	560
College Work-Study (The state matches the federal program at about 25%, so student earnings will total approximately \$420,000)	\$337,141	600
Educational Opportunity Program	\$182,931	217
Federal Nursing Loan (Only loan collections provide funding for this program)	\$70,000	63
Guaranteed Student Loan	\$6,000,000	2860
National Direct Student Loans (Only collections provide funds for this program)	\$570,000	600
Parents Loan to Undergraduate (Loan funds are available to parents through banks and credit unions)	\$408,380	165
Pell Grants	\$2,000,000	1900
Supplemental Educational Opportunity Grants	\$98,300	145
State University Supplemental Tuition Assistance (SUSTA is awarded to students from the lowest income category who have already been granted four semesters of TAP.)	\$46,600	233
Tuition Assistance Program	\$1,850,000	2645

Sokolowski also listed some interesting facts about this year's financial aid program.

- Of the 941 newly enrolled (fall) freshmen, 720 applied for aid, and 700 demonstrated need, and were awarded aid of some type.
- \$84,700 of the 1985-86 College Foundation awards were given to 191 Clinton, Essex and Franklin County residents.
- Plattsburgh students received in excess of \$175,000 in private scholarship funds for the academic year. (These funds come from private corporations or organizations, such as the Elks, K. of C., Teachers Associations, etc.)
- About 247 families are participating in the Academic Management Services plan, which allows monthly payments on the Bursar's bill.
- The Job Location and Development specialist has registered 314 students this year, of which 73 have found jobs. Total earnings for this year should exceed \$80,000.

Noted Researcher Joins Faculty at Plattsburgh

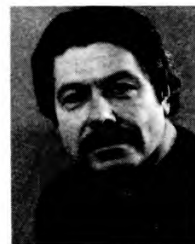

Dr. Roger Hamernik, formerly of the University of Texas Callier Center for Communication Disorders, has joined the Plattsburgh State faculty with a dual appointment in the physics and the hearing and speech science departments. Hamernik, who specializes in research on trauma and hearing loss, holds several major grants and contracts which support his work. Two of Hamernik's associates, Dr. William Ahroon and George Turrentine, have accompanied Hamernik and will be continuing their research work on campus.

Acting President Jerome Supple commented this week, "It is an honor to have Dr. Hamernik and his associates on our campus. That a researcher of his stature has chosen to pursue his work here is a very positive reflection on the quality of our institution."

Hamernik's research project, entitled "Acoustic Trauma: Psychoacoustic, Physiological and Anatomical Changes," is a study of the effects of noise, various drug therapies and other ototraumatic experiences on hearing. He has recently been awarded a five year contract from the U.S. Army Medical and Research Development Command, with first-year funding totalling \$125,000. He has also just been awarded a seven-month continuation grant of \$81,000 from the National Institute of Health through the Occupational Health and Safety Administration to continue his work on "Industrial Noise: Potentiating Interactions."

Hamernik holds degrees in mechanical engineering from Syracuse University. He has been a member of the faculty at Syracuse, Upstate Medical Center, and the University of Texas at Dallas. He is co-editor of two books, *Effects of Noise on Hearing* and *New Perspectives on Noise Induced Hearing Loss*, and has authored or co-authored numerous journal articles and papers. Hamernik is currently a member of the board of directors of the International Society for Complex Environmental Studies and a member of the International Commission on the Biological Effects of Noise.

Hamernik's office and laboratories are located on the first floor of Beaumont Hall.

SPORTS UPDATE: 17-YEAR-OLD RECORD FALLS IN SWIMMING

SWIMMING (Men 3-4, Women 4-4) Dave Robertson's swim teams swept home meets with Clarkson and Union last week). Against Union, Pat Driscoll smashed the 17 year old team record in the 1000 yard freestyle, formerly held by Hall of Famer Peter Stone, with an effort of 10:36.30. Jill Aldrich and Lynn Schultz were triple winners for the women.

HOCKEY (19-9-1, 12-5-1 ECAC, 8-2 SUNYAC) The Cardinal icers notched a pair of ECAC contests in impressive fashion. On Tuesday the Cards dumped Union 5-3 to sweep the season series and move closer to a home ice berth in the ECAC playoffs. Andre Giroux led PSUC with a pair of goals. The Cards blasted Buffalo 9-2 on Saturday as Jack Doak and John Henrick both netted two scores. Junior center Dave Piromalli scored one goal and assisted on two others. Piromalli's second assist tied him with Peter DeArmas, '85, for the all-time assist record at 113. The Cards host nationally ranked Elmira on Friday and Geneseo State on Saturday.

MEN'S BASKETBALL (8-10, 4-5 SUNYAC) Norm Law's troops ran into an awesome Potsdam State team last Wednesday and came out on the short end of a 71-54 score. Rudy Outlaw led the Cards with 16 points and five rebounds. On Saturday PSUC dropped its second consecutive game, losing to the Great Danes of Albany 67-58. Marty Safford led the way with 22 points and 13 rebounds. Outlaw added 15 points for the Cards who take to the road this weekend for a pair of important SUNYAC East games with Cortland State and Binghamton State.

WOMEN'S BASKETBALL (10-8, 6-3 SUNYAC) Phoebe Sturm's Cardinal hoop team split a pair of SUNYAC East contests. On Wednesday, behind Donna Dixon's 26 points, PSUC blasted Potsdam State 73-51. The Cards jumped out to a big lead in the first half and were never seriously threatened. On Saturday Albany State blasted PSUC 101-80. Kim Nystrom had a big day for the Cards as she poured in 26 points and hauled down 14 rebounds. Dixon pitched in with 20 markers. PSUC has a pair of crucial SUNYAC contests this weekend with Cortland and Binghamton. The Cardinals must sweep their remaining games to have an opportunity to make the SUNYAC post season tournament.

CAS SPECIAL PROGRAM SUPPORT FUNDS AVAILABLE

The College Auxiliary Services Program Committee is seeking applications for programming funds for the spring semester. The funds are designed to promote programs and activities enhancing the cultural and educational life of members of the college community. Grants are available in three areas; general, cultural/ethnic, and service/beautification projects. Projects approved for funds should affect broad sectors of the college community; should be open to all members of the college community; and should promote educational growth, development and advancement and foster a sense of community rather than separateness. Further information and application forms are available from Stan Supinski, Whiteface Hall. Applications should be submitted by February 7.

1985 ANNUAL GIVING CAMPAIGN REACHES \$243,281

The Plattsburgh College Foundation in 1985 established a new standard in total contributions to its Annual Giving Campaign, which, for the first time, topped \$200,000. Additionally, giving was up markedly in all categories. Goals were surpassed across-the-board and dollar amounts increased substantially in comparison with 1984 or any previous year.

Curtis E. Shipman, acting president of the Foundation and chairperson of the 1985 Annual Giving Campaign, announced the results of the campaign last week during the organization's annual meeting. Shipman said that with the closing of the Foundation's books on December 31, gifts to the organization during the past year through its seven separate campaign components totaled \$243,281. That amount represented an increase of \$44,791, or 23 percent, over annual giving income recorded a year ago. In terms of dollar increases, it was the highest ever generated in one year's time by a substantial margin.

"I am very pleased to be able to give you such good news," Shipman said, adding, "This figure takes on special meaning when compared to projections nationally that called for a six to eight percent increase overall in 1985 for America's colleges and universities."

Highlights of the major components of the Foundation's Annual Giving Program are as follows:

Annual Alumni Fund. Giving by alumni increased by nearly \$14,000 to a new all-time high of \$74,454. The total was 14 percent over goal and 23 percent over 1984's campaign results. Of equal importance is the growing participation among graduates of the college. More than 650 alumni gave to their annual fund for the first time in the past year.

Business/Corporate Campaign. 1985 marked the seventh consecutive year that support by the business community set new records. Income totaled \$79,331, up more than \$7,700 in a year's time and 10 percent over the \$72,000 goal for the year. Once again, participation by this constituency increased as 62 new donors joined the Business/Corporate Honor Roll of 236 firms in 1985.

Friends. Giving by non-alumni "community friends" rose by 32 percent in 1985. In dollars, income from this campaign increased from \$25,065 to \$32,995 with gifts received from 157 individuals.

Faculty/Staff Drive. The campaign among employees of the college brought in \$19,102, or 52 percent more than the initial faculty/staff drive initiated a year ago. One hundred and eleven members of the campus community donated to the Foundation in 1985.

Cardinal Booster Club. Income to the Cardinal Booster Club totaled \$13,404, which was \$5,555 above the campaign goal and 71 percent above the amount contributed in 1984. For the second year in a row, the organization's membership grew by more than 80 contributors.

Organizations. Initiated in 1984 as a new category in the annual giving fold, organizations this past year contributed \$14,145 to the Foundation during the report year. The amount represented an increase of five percent.

Foundations. Giving by foundations increased by 35 percent to a total for the year of \$9,850.

Shipman concluded, "The highlights outlined here add up to the most successful year (and the sixteenth successive record-breaking year) in the history of the Foundation. While the achievements of 1985 deserve to be labeled 'outstanding,' they at the same time underscore a resolve to strive for continued success in 1986 and in each year thereafter."

GARY ROBINSON NAMED FINALIST FOR LUCE SCHOLAR AWARD

Gary Robinson, assistant director of the college's Educational Opportunity Program, has been selected as one of 45 finalists for the Henry Luce Foundation's Luce Scholar Award. Approximately 15 winners will be chosen from the remaining finalists.

The Henry Luce Foundation encourages American-Asian understanding, and annually provides grants supporting study in Asia. The Luce Scholars Program is open to nominees from 60 colleges and universities, and nominees must be sponsored by their institutions. Plattsburgh was allowed to submit two nominees for participation. From among the SUNY nominees, a university-wide faculty committee selected three to forward to the Henry Luce Foundation. The 45 finalists were then selected from nominees from the 60 colleges and universities invited to participate. Winners will be announced in March.

Robinson holds a bachelor's degree from the University of Pittsburgh, where he graduated as valedictorian of his social work class. He earned an M.S. in counseling psychology and student development from SUNY Albany in 1981.

SIX MEMBERS ELECTED TO FOUNDATION BOARD OF DIRECTORS

Six new members were named to the 15-member Board of Directors of the Plattsburgh College Foundation last week during the organization's annual meeting. They are, representing the community, Robert T. Booth, George E. Bouyea, Sr., Clifford P. Calongne, and Louis E. Wolfe, representing the college's 20,000+ alumni, M. Margaret "Peg" Ryan; and, representing the 6,000 member Student Association, Perry Cuocci.

Booth, a prominent Plattsburgh attorney, served a nine-year term as a member of the College Council and has been a member of the Foundation's Planned Giving Committee for several years. He is currently a member of the boards of directors of the CVPH Medical Center and the Sacred Heart Nursing Home.

Bouyea, president of the Bouyea Baking Company, Inc., is a member of the Key Bank Board of Directors and is also a director of the Beartown Ski Area. He is a past chairman of the Cancer Society.

Calongne has been associated with the Foundation for several years, and has served one three-year term as a member of the Board of Directors. Vice president for operations at Northern Insuring, Inc., Calongne has co-chaired the Foundation's Business/Corporate Campaign for the past five years.

Wolfe, a prominent local attorney, has just completed nine years of service as a member of the College Council, six of those years as its chairman. In his position as Council chairman, Wolfe served as an ex officio member of the Foundation Board.

Ryan was appointed by the Alumni Association's Board of Directors to represent that body on the Foundation Board. She has been a member of the Foundation corporation for several years. Ryan, a 1932 graduate of Plattsburgh Normal School, received the college's Distinguished Alumnus Award in 1973. Ryan taught in the Ausable Forks Primary School for 39 years and served as principal of that school for six years before her retirement.

Cuocci, a junior political science major from Islip Terrace, NY, was elected President of the Student Association at Plattsburgh State in December. He will serve a one-year term on the Foundation board concurrent with his presidency.

In addition to the newly elected members, Harry P. Mowry, vice president of Harris Graphics, Inc., was re-appointed as the College Council's representative to the Board of Directors, and Dr. Annette Manganel, professor emeritus of education, was re-appointed by Acting Plattsburgh President Jerome Supple as the faculty representative. Mowry and Manganel will serve one-year terms.

Other members of the Foundation's Board of Directors include: Marie L. Beemer, Roger Forrence, Elizabeth A. Kelly, Clyde A. Lewis, Terry M. Meron, Michael W. Murray, and Curtis E. Shipman.

The Foundation's Board of Directors consists of fifteen voting members, nine from the community-at-large, three representing the alumni body, one from the College Council, one from the college faculty, and one from the student body.

THE JUDY CHICAGO BIRTH PROJECT TO BE EXHIBITED ON CAMPUS

The Judy Chicago Birth Project, An Exhibition of Needleworks about Birth and Creation, will be seen in the Myers Fine Arts Gallery from February 23 through April 6. Gallery director Ed Brohel said that the internationally renowned exhibit consists of images of childbirth in a mythical, celebratory and sometimes painful representation of a universal human experience. Judy Chicago created the images in the exhibit, which were then brought to life by more than 150 volunteer needleworkers. Quilting, embroidery, needlepoint, macrame, applique, crochet, batik and beadwork are all represented in "The Birth Project." Twenty-two pieces will be seen in the exhibit on campus. The gallery docents will sponsor a preview benefit of the exhibition from 5 to 7 p.m. on Saturday, February 22. For tickets, call 564-2813 or 564-2474.

Judy Chicago paints, sculpts, designs, teaches and writes. She has championed the idea of female imagery in art, and is best known for "The Dinner Party," a tribute to 39 historical and mythological women executed in ceramics and textiles.

STUDENT COMPUTING ACCESS PROGRAM FUNDS AVAILABLE FOR COMPUTER INSTRUCTION PROJECTS

Approximately \$30,000 is now available from the Student Computing Access Program (SCAP) for departments and centers to use for the purchase of computer hardware and software to improve instructional programs, according to Dr. Raney Ellis, director of Academic Computing. Ellis said that projects submitted for funding should meet five criteria: first, the award must improve the quality of programs at the college; second, the project should provide optimal access to the computer equipment to students; third, the proposal should not require any additional expenditures from other budgetary sources; fourth, departments and center should complement or promote the use of already operational facilities and equipment rather than duplicate them; and, finally, requests should be modest in nature.

Application forms are being circulated to faculty and should be completed and sent to the vice president for academic affairs by April 1. More information is available from Ellis, at 564-4433.

FORMER FACULTY MEMBER DIES IN MASSACHUSETTS

Word was received last week of the death of George Stubbins, former assistant professor of education at the college. Stubbins retired in 1981 after 14 years as a faculty member. During those years, he served as an off-campus supervisor of student teachers, first in Westchester County and in Wantagh, Long Island, then in the Albany-Schenectady area. Prior to joining the faculty, Stubbins was an educational administrator in the Rockland County area for many years. He held bachelor's and master's degrees from SUNY New Paltz. Stubbins is survived by his wife, Joanne, of West Barnstable, Massachusetts, two sons and one daughter. A spokesperson for the Center for Teacher Education and Educational Services said Friday that a scholarship fund in his memory is being created. More information will be available at a later date.

SPORTS UPDATE; HOCKEY TEAM SCORES TWO BIG WINS

The men's hockey team swept a pair of important ECAC games last weekend at the PSUC fieldhouse. On Friday Dave Piromalli scored three goals and broke the PSUC all-time assist record to lead the Cardinals past top-ranked Elmira College 7-1. Craig Barnett had a big game in goal for the Cards as he stopped 31 Soaring Eagle shots. On Saturday the Cards defeated Geneseo 8-4 to clinch a SUNYAC regular season title tie. Joey Ferras notched two goals and two assists for the 21-9-1 Cardinals. PSUC can clinch the SUNYAC title with a win over Cortland on Friday.

Ellen Kissane ran a personal best time of 4:54.8 in the 1500 meter run to lead the women's track team to a win in a triangular meet with Queen's University and Marist College. Sue Hutchins won the 800 meter run and finished second in the high jump while Tina Nicholson won the 1000 meter run and ran a leg on the winning two mile relay team. The men were paced by second place performances from Andy Hastings in the 1500 meter run and the two mile relay team.

The women's basketball team pushed its overall record to 12-9 by winning two out of three contests on the hardcourts last week. On Tuesday the Cards demolished Norwich 78-58. Darcy Gilbo led the way with 18 points. PSUC split a pair of SUNYAC games over the weekend, losing to Cortland 64-59 and defeating Binghamton 98-78. In the Binghamton game freshman T. J. Cornwright set a school record by scoring 36 points against the Colonials.

Norm Law's cagers defeated Norwich 74-71 on Tuesday before dropping a pair of SUNYAC games last weekend. Marty Safford scored 20 for the Cards in the Norwich game. On Friday PSUC dropped a 64-60 contest to Cortland State. Safford led the way with 18 markers in that game. The following day PSUC suffered its toughest defeat of the year, losing to Binghamton 90-71. The men close out the season with a pair of home games this week.

The men's and women's swim teams lost to Middlebury on Saturday. The men dropped a heart-breaking 56-48 decision despite three first place swims by Pat Driscoll. The women lost by a 64-41 count. Jill Aldrich's time of 12:04.80 in the 1000 yard freestyle was good enough to reclaim the school record. Beth Keicher and Lynn Schultz were double winners for the women.

COLLEGE AWARDED \$3,250 SUNY GRANT TO RECRUIT MINORITY STUDENTS

Plattsburgh has been awarded \$3,250 from SUNY Central to promote recruitment of minority students, according to Dr. Jerome Supple, acting president. Supple said the college requested the funds as part of a plan to increase the numbers of resident minority students from 4.1% of the total student population in fall, 1985, to 5% of the student population in 1988. The money will be used for travel subsidies supporting visits to the campus by Black, Hispanic, Asian and Native American students who have been offered regular admission or admission through the Educational Opportunity Program. Supple said that campus visits frequently dispel misperceptions about the campus atmosphere and accessibility, and increase the likelihood that the student will enroll. He estimated that about 145 students might be encouraged to visit the campus with the assistance of the subsidies.

The program was developed and will be implemented by Keith Smith and Gary Robinson of EOP, in cooperation with Jan Edwards and Richard Higgins in Admissions. Students from AKEBA, El Pueblo and AKWENON will assist by hosting the visiting students during their stay on the campus.

CURTIS SHIPMAN ELECTED PRESIDENT OF COLLEGE FOUNDATION

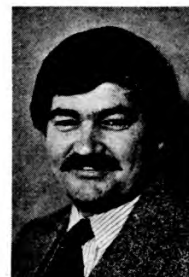

Curtis E. Shipman, president of the Keeseville National Bank, was elected president of the Plattsburgh College Foundation during a Board of Directors meeting held February 13. Shipman assumes the presidency after four years as vice president, succeeding E. Glenn Giltz, who was president of the Foundation for nine years preceding his death in late December. Shipman has chaired the Annual Giving Committee for the past four years, during which time annual giving increased by 132% and scholarship assistance provided by the Foundation to Plattsburgh State students grew by 171%.

Shipman

Mowry

Calongne

Elected to the office of first vice president was Harry E. Mowry, vice president and general manager of Harris Graphics Corporation. Mowry, a member of the College Council since 1980, has co-chaired the Foundation's Business/Corporate Campaign for the past five years, and has also been a member of the Board of Directors for five years.

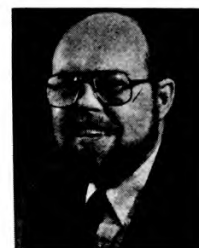

Clifford P. Calongne, vice president of operations for Northern Insuring Agency, Inc., was elected to the post of second vice president. Calongne has served three years on the Board of Directors and co-chaired the Business/Corporate Campaign for the past five years.

Re-elected as secretary and treasurer, respectively, were Olive M. Flynt, who served as assistant to College President Joseph C. Burke until her retirement in 1981, and William G. Woltjen, the college's assistant vice president for finance.

ROBERT HENDRICKSON NAMED DIRECTOR OF ANNUAL GIVING

Robert B. Hendrickson has been named Director of Annual Giving at SUNY Plattsburgh. Selected from more than 30 candidates in a national search, Hendrickson assumed his duties in early February. In this newly created position, Hendrickson will plan, organize and implement a comprehensive annual giving program, through the Plattsburgh College Foundation, to include the solicitation of alumni, businesses, faculty and staff, friends, foundations, organizations, parents, and seniors.

"We're very pleased to have Bob Hendrickson join our staff," said Don Garrant, Executive Director of the Foundation. "He is our first fulltime staff person in development, and we believe that his experience and expertise will greatly benefit our Foundation, and through it, our students and our college."

Hendrickson comes to Plattsburgh from Aquinas College in Grand Rapids, Michigan, where, since September of 1981, he has served as director of alumni relations and alumni giving. He has extensive experience in fund-raising activities, ranging from phonathons and capital campaigns to personal solicitation of major donors and creation of computer programs that support development efforts.

From 1977-1981, Hendrickson was ascertainment/promotion coordinator of WHWC-TV/FM and WHLA-TV/FM, member stations of the Wisconsin Educational Radio and Television Networks in Menomonie, Wisconsin. Earlier, he taught speech, English and journalism in high schools in Pennsylvania and Wisconsin.

Hendrickson received a bachelor's degree in speech and English from Geneva College Pennsylvania, and has done graduate work at the University of Wisconsin.

DISTINGUISHED VISITING PROFESSORS OF JOURNALISM SERIES CONCLUDES WITH VISIT BY PAUL BRODEUR

The series of campus visits by outstanding journalists connected with "The New Yorker" magazine concludes February 24 with a visit by Paul Brodeur. Brodeur, a graduate of Harvard University, has taught at the Columbia Graduate School of Journalism. As a staff writer for "The New Yorker," his pieces in the area of occupational and environmental medicine have won him a National Magazine Award, a Sidney Hillman Prize, an American Association for the Advancement of Science/Westinghouse Science Writing Award, and a Guggenheim Foundation grant for studies in environmental medicine. His books include two novels, *The Sick Fox* and *The Stunt Man*, and four non-fiction works, *Asbestos and Enzymes*, *Expendable Americans*, *Restitution*, and *Outrageous Misconduct*. In addition to conducting student workshops and meeting with journalism classes, Brodeur will host a Faculty Forum at 4 p.m. and a public reading of his work at 8 p.m. Both lectures will be held in the Angell Center Cardinal Lounge.

The Distinguished Professors of Journalism Series is coordinated by Dr. Janet Groth of the English department and the Distinguished Visiting Professor Selection Committee.

FIDDLER ON THE ROOF TO OPEN FEBRUARY 26

The Spring Mainstage production of one of the most popular Broadway musicals, "Fiddler on the Roof," will open in the Hartman Theatre on February 26. Directed by Dona Vaughn, actor-in-residence at the Center for Art, Music and Theatre, the play depicts the life of a Russian Jewish family and their friends and relatives in the village of Anatevka in 1905. Vaughn is assisted by Richard Zielinski as music director and Alice Schonbeck as choreographer. The cast is comprised of Plattsburgh students.

"Fiddler on the Roof" will be presented at 8 p.m. February 26 - March 1, and March 5 - 8. Tickets are \$7 for the general public, \$6 for faculty and staff, \$5.50 for students and senior citizens, and \$3 for SA students and children under 12. Tickets are available in the Hartman Box Office daily from 1 to 4 p.m.

VISUAL ARTISTS SERIES TO PRESENT LECTURE BY SCULPTOR GARY KULAK

Sculptor Gary Kulak will present a lecture on his work at 8 p.m. on Thursday, February 20 in the Angell Center Ballroom B. Kulak's sculpture in the form of metal chairs was included in the Selections '85 exhibition at the Myers Fine Arts Gallery. His lecture is free and open to the public.

MUSICIANS AND HISTORIANS TO PRESENT INTERDISCIPLINARY DISCUSSION OF IMPRESSIONISM

Violinist Yenoïn Guibbory and pianist Kathryn Stuart will join with art historian Dennis Costanzo and Caren Steinlight at 4:30 p.m. to give an interdisciplinary presentation on impressionism. Stuart and Guibbory will perform music selections by Claude Debussy. The music will be accompanied with a slide presentation by Costanzo and a poetry reading by Steinlight. The presentation is sponsored by the Center for Art, Music and Theatre. It will be held in the Angell Center Cardinal Lounge and is free and open to the campus and the community.

SPORTS UPDATE: REGULAR SEASONS WIND DOWN WITH WINS

The men's basketball team won three games last week to close out its regular season at 12-12. Norm Law's cagers opened the week with a thrilling 89-88 triple overtime win over Clarkson. On Thursday, senior Joey Wright tossed in 26 points to lead the Cards to an easy 89-76 win over Skidmore. The redbirds closed out the season at home with an easy 83-55 rout of conference foe Oneonta State. PSUC now awaits word on a possible ECAC post season tournament bid.

Steve Hoar's Ice Cardinals crushed hapless Cortland State 12-2 on Friday night. Joey Ferras scored four goals and added an assist while freshman sensation Andre Giroux tallied two goals and two assists for the 22-9-1 Cardinals. That win brings the Cards' SUNYAC record to 10-2, best in the conference. The fifth ranked icers played UMASS-Boston on Tuesday and will close out their regular season on the road next Tuesday at Army.

Craig Barnett was named ECAC Rookie-of-the-Week last week for his 31-save performance in the Cardinals' 7-1 win over then third-ranked Elmira College.

The women's basketball team split two games last week to finish its regular season with a record of 13-10. The Cards dropped a heart-breaking 76-75 decision to Clarkson before rebounding to defeat Oneonta State 88-72. Donna Dixon scored 23 points and senior Darcy Gilbo fired in 20 to pace the Cards to victory and an impressive 8-4 third place finish in the SUNYAC East.

Dave Robertson's swimming teams had their best week of the season, sweeping past Vermont foes St. Michael's and Norwich. For the men, Pat Driscoll scored wins against Norwich in the 200 yard freestyle and the 200 yard butterfly. Kay Maloney garnered three first place finishes against the Cadets, including wins in the 200 yard individual medley and the 200 yard backstroke.

The PSUC women's track team continued its string of dual meet victories by edging Albany State 64-63 at the fieldhouse on Saturday. Sue Hutchins led the way with firsts in the the high jump, 400 meter dash and the 3200 meter relay. Jim Nichol's men's team did not fare as well as his women's squad as Albany easily outdistanced the Cardinal thinclads. Andy Hastings won the 1500 meter run and Tony DeCotis captured the 35 pound weight throw to pace PSUC.

DR. ELIZABETH CARTER TO DISCUSS ENTRY INTO NURSING PRACTICE

On February 24, 1986 at 7:00 p.m. in the PSUC Angell Center Ballroom, Dr. Elizabeth Carter, DrPH, RN, will address the topic: "Entry into Practice: Directions for Nursing Education."

On leave from Columbia University School of Nursing where she is an associate professor in psychiatric-mental health nursing, Carter is associated with the New York State Nurses' Association as special associate for the Entry into Practice Project. In this role her primary focus is outreach to nurses throughout New York state and to coordinate NYSNA's entry-related activities.

The meeting is co-sponsored by the college's Department of Nursing and the NYSNA District #8. The public is invited to attend.

weekly notes

Alice Champagne, assistant professor in the department of nursing, recently received her certification as a family nurse practitioner from the Center for Credentialing Services of the American Nurses Association. Champagne also recently presented her research project, entitled "Student and Faculty Perspectives of the Clinical Faculty Role" to the nursing faculty. . . **Dr. Ben Morreale**, professor of history, has been asked to review for the Bookworld section of the "Washington Post." He has also been invited to take part in the SUNY Cinema and Video Festival as a panelist on "Cinema Taught in Non-Film Disciplines." . . **Dr. Nicholas Troisi**, dean of professional studies, is attending the National Association of Secondary School Principals Convention being held this week in Orlando, Florida. STUDENTS: WE'RE NO. 1 AMONG ARTS AND SCIENCE COLLEGES

Plattsburgh State students are "significantly more satisfied with [the] institution's services and environment than are students of other SUNY Arts and Science colleges." That was the conclusion of Michael J. Viliga, assistant director of institutional services, Research Division, of the American College Testing Program, in a summary of the results of the administration of the ACT's Survey of Student Opinion on this campus. The survey, designed to explore perceptions of enrolled students regarding the programs, services and environment of a college, was administered in the spring of 1985 to a random sample of 1100 Plattsburgh students, 64% of whom responded. Dr. Thomas Moran, who coordinated the survey with Diana Green and Jean Morlock, explained. "At the same time we conducted the survey," he said, "it was also administered at the other SUNY Colleges of Arts and Science. As a result, we have the basis for a highly relevant comparison between Plattsburgh and similar institutions within the SUNY system."

Moran continued, "In the summary of results, as compared to other SUNY Arts and Science colleges, Plattsburgh ranked very favorably in such areas as our orientation program, academic advising, residence hall services and programs, student voice in college policies, general registration procedures, college-sponsored social activities, the variety of courses offered, and opportunities for personal involvement in campus activities."

In addition to the standardized questions, the survey contained 20 questions designed at Plattsburgh. Among these questions, the friendliness of people on the campus received a very positive response, according to Moran, further confirming an impression that has been documented in other student surveys.

Acting President Jerome Supple noted that he was very pleased with the college's overall rating from its students. "This survey is one more way in which the college is continually seeking to determine what we do well and what we need to improve upon. The high level of satisfaction expressed by our students confirms our belief that Plattsburgh is achieving its goal of becoming the best arts and science college in the SUNY system. It's very rewarding to know that our students recognize our efforts and are happy with our performance," he said.

The survey results are being reviewed by a group of faculty and staff members and a complete report will be available to the college community in the near future.

PRESIDENT BURKE TO REMAIN AS ACTING SUNY PROVOST UNTIL JUNE 30

State University Chancellor Clifton R. Wharton Jr. has asked Plattsburgh President Joseph C. Burke, who is currently serving as acting SUNY provost, to remain in that position through June 30. Burke, who assumed that post on November 1, was originally slated to return to the campus as of April 1, but the search for a permanent provost has not been completed. Wharton said he anticipates a provost will have been selected by the end of June.

The position of provost is the third highest position in the SUNY Central Administration. As acting provost, Burke is responsible for the Academic Affairs Division within the university system, and oversees the offices of Academic Programs; Policy and Planning; Employee Relations and Educational Services; and Research, Graduate Studies and Professional Programs.

Dr. Jerome Supple has agreed to continue to serve as acting president, while Dr. Richard Robbins, Dr. Hounq Liu and Dr. Nicholas Troisi will continue to share the duties of academic vice president.

CAREER/LIFE PLANNING AND PLACEMENT OFFICE SCHEDULES CAREER NIGHT FOR MARCH 6

The eleventh Annual Career Night has been scheduled for March 6 from 7 to 9:30 p.m. in the Angell Center Ballrooms, according to Patrick Lennahan, director of the Career/Life Planning and Placement Office. Representatives from more than forty businesses and government agencies are expected to be available to provide information and advice about careers to students. Among the many corporations who have indicated they will be represented are the Montefiore and New York Medical Centers, USDA Soil Conservation Service, EF Hutton, Northeastern Mutual Life, Ayerst Laboratories, the FBI, and the US Customs Service.

Several organizations are scheduling interviews and information sessions with graduating students the following day (March 7) in the Angell Center. Interview registration will be conducted in advance, so that employers will have an opportunity to review resumes prior to the interview. For further information, contact the Career/Life Planning and Placement Office.

DORMITORY RENT EXPECTED TO INCREASE BY \$100 NEXT FALL

Students who live on campus will pay an additional \$100 in room rent next fall, if that request is approved by the SUNY Central Administration, according to Dr. Eldridge Roark, vice president for student affairs. Roark said this week that the proposed room rent increase is a result of the concept that dormitories should be self-sufficient, a proposal approved last October by the SUNY Board of Trustees. The rate for the 1985-86 academic year is \$1550, Roark said, and, based on the projected residence hall occupancy rate, the college administration has requested an increase to \$1650 for the 1986-87 academic year. The capacity of the twelve residence halls on the Plattsburgh campus, Roark said, is 2840 students. This year, approximately 2730 students are living on-campus, but the projection for next fall is 200 fewer students. Approval of the proposed increase is expected very soon.

ALUMNI IN STATE GOVERNMENT TO BE GUESTS AT ALBANY RECEPTION

Plattsburgh State alumni who are currently working in New York State government positions will be the guests of honor at a reception in Albany next Monday evening, which will be hosted by the Alumni Association. Alumni Affairs Director Mal Lavery said that about 75 graduates of the college hold jobs within the state government, including the Budget Office, the State Education Department, various other state agencies, and as assistants and aides to several State Senators and Assemblymen. NYS Senators Ronald Stafford, who represents this district, and Kenneth LaValle, chairman of the Senate Higher Education Committee, will be special guests at the reception. Attending from Plattsburgh State will be President Joseph C. Burke, Acting President Jerome Supple, Assistant to the President for College Relations Don Garrant, and Lavery.

CAREER CONSULTANT JOHN CRYSTAL TO SPEAK ON CAMPUS MARCH 6

John Crystal, a career consultant who has been called "the foremost authority on the job hunt today," will be a guest speaker on campus at 3 p.m. on March 6 in the Angell center Blueroom. Crystal will instruct his audience on how to make the job hunt a challenging, rather than frightening experience; how to seek meaningful employment instead of passively hoping for any job; and how to avoid being victimized by a depressed job market.

Crystal, who is a frequent guest on television and radio programs, is founder of the John C. Crystal Creative Life/Work Planning Center in New York City. In addition to his afternoon lecture, he will be available for informal discussion during Career Night in the Angell Center Ballroom. His visit is co-sponsored by the Student Association fee, Career/Life Planning and Placement, and Campus Life.

PRESIDENT'S CLUB MEMBERS HONORED AT BRUNCH

Members of the Plattsburgh College Foundation's President's Club were guests of honor at a brunch held on Sunday, February 23 and hosted by Acting Plattsburgh State President and Mrs. Jerome Supple.

One hundred and seven individuals and businesses joined the President's Club in 1985 by contributing \$500 or more to the Foundation's Annual Giving Campaign. New members in 1985 included Dr. Clayton Ajello, Mr. and Mrs. Andrew Broadwell, Mr. and Mrs. Terry Meron, Mr. and Mrs. Agostino Pandozy, Ms. Agatha Quinn, Dr. Richard Semmler, College Auxiliary Services, Concord Development Corporation, Jeffords Steel and Engineering, Little Caesar's Pizza, McKenna Associates, New York Telephone, Plattsburgh Knights of Columbus, and Trans-Border Custom Service.

'MAINE TRIP' PHOTOGRAPHS ON EXHIBIT IN MYERS LOBBY

An exhibit of photographs from an annual photographic field trip to the New England coast is now on display in the Myers Fine Arts Building Lobby. William Crosby, professor in the Center for Art, Music and Theatre, and ten students took these photographs in November in the Portland, Freeport and Bath regions. Included are photographs by December graduates Tim Doyle, Tim Macy and Hilda Bergoffen; and undergraduates Karen Norton, James Monroe, Ken Wilkinson, Michael Carr, Ron Schulman, Monique Sandles and Karen Fiaschetti.

COLLEGE TO RECEIVE MONEY FOR ENERGY AUDIT

The New York State Energy Office has recommended to the U.S. Department of Energy a \$23,900 grant for Plattsburgh State. Derek Allan, facilities director, said that the money will fund a Technical Assistance Study of three buildings, Memorial Hall, the Fieldhouse, and the heating plant. An analysis will be conducted as to how to conserve energy in each of the buildings. Allan said that analysis will likely be completed during the spring and summer. Following its completion, the college will apply for further funds to implement the proposals.

SORREL D. HAYS TO GIVE THREE PRESENTATIONS ON CAMPUS

Composer, performer and writer Sorrel D. Hays will be a guest on campus on March 6 and 7, and will make three presentations to students, faculty and the public. On Thursday at 11:45 a.m. during the Women's Studies Forum in the Cardinal Lounge, Hays will play and discuss two audio tapes about women's peace camps and will read from her play-in-progress, "Disarming the World — Pulling Its Leg." At 4:20 p.m. on the same day, Hays will show her film M.O.M. 'N P.O.P.' at a Music Colloquium in Myers 116. On Friday evening at 7 p.m., she will show her award-winning video "Southern Voices: A Composer's Exploration" in Yokum 208.

Hays is known internationally for her performances and recordings of contemporary music and her film and video productions. Over the years she has received several grants, including three composer grants from the National Endowment for the Arts. Her visit to Plattsburgh is co-sponsored by Artists and Audiences, the Women's Studies Program and the Center for Art, Music and Theatre.

FORENSIC TEAM KICKS OFF SPRING COMPETITION

Plattsburgh's forensic team traveled to Ithaca College last weekend to participate in an 18-team tournament against such competition as West Point, Holy Cross, Cornell, NYU, Syracuse, Albany State and Boston College. The campus team placed finalists in five of ten events. Team captain Deborah Pacyna won the Rhetorical Criticism category and placed fifth in Dramatic Duo (with Eric Marler) and Poetry Interpretation. She also placed sixth in the Pentathlon. Marler was fourth in Poetry Interpretation and sixth in Prose Interpretation, and Geri Papiernick placed third in both Prose Interpretation and After Dinner Speaking. Coach Al Montanaro said this was the first of six consecutive weekends of competition, leading up to the New York State and National Championships.

SPORTS UPDATE; CARDS SEEDED THIRD FOR ECAC TOURNEY

The PSUC hockey team has been seeded third in the upcoming ECAC West Division playoffs. The Cardinals will host Geneseo State this Saturday in the quarterfinal-round game. RIT received the first seed while Elmira captured the second seed. The rest of the seedings are as follows: (4) Oswego State, (5) Union College, (6) Geneseo State, (7) Canisius. An eighth team was not selected because of the ECAC regulation barring teams with division records under .500 from competing.

On the ice, the Cardinals won their eleventh game in 12 contests by thrashing UMASS-Boston 7-3. PSUC was led by Jean Simon Bibeau and Andre Giroux, both of whom scored two goals and an assist. Goaltender Craig Barnett stopped 35 Beacon shots to aid the PSUC cause. Junior center Dave Piromalli chipped in with three assists to push his career point total to an even 200, second on the all-time list.

The men's track team competed in the prestigious Marty McDonough Invitational indoor track and field meet at RPI on Saturday. The Cardinals grabbed an eighth place finish behind the running of junior Glenn Dow. Dow ran a close second in the 1000 meter run. Team-mate Andy Hill grabbed a fifth in the same race. Bill Kinahan and Neal Dow took fifth and sixth place respectively in the 500 meter run while Eric Morabito captured fifth in the shotput. Chris Bowlay-Williams ran to a sixth place in the 400 meter dash and was a member of the sixth place 4x400 meter relay team. Both the men's and women's teams will be competing at the SUNYAC championships at Fredonia State on Friday on Saturday.

Dave Robertson's women's swimming team will compete at the SUNYAC championships at SUNY Binghamton this weekend.

DR. JAMES BONNER WINS \$25,937 GRANT FROM NAVAL RESEARCH OFFICE

Dr. James Bonner, assistant professor in the Center for Earth and Environmental Science, has been awarded a \$25,937 research grant from the U.S. Naval Research Office through the University of Rhode Island to fund research on "Tow Tank Plankton Patch Feasibility Experiment." The research will be conducted at Langley Air Force Base, where the Navy is testing underwater vehicles. Bonner, who is an environmental engineer, said that plankton in the water causes turbulence around underwater vehicles traveling at high speed, and the Navy is trying to redesign the vehicles, so that doesn't happen. Bonner and the other scientists working on the project, will establish, maintain and control an ecosystem in which tests can be conducted toward the Navy's goal.

Bonner joined the Plattsburgh State faculty in 1985. A 1976 graduate of Plattsburgh State where he majored in biology, he received his master's degree and doctorate from Clarkson University. Prior to coming to the campus last fall, he spent two years as a senior scientist with Computer Science Corporation at the U.S. Environmental Research Laboratory in Narragansett, Rhode Island.

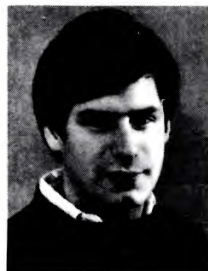

FOUNDATION FACULTY/STAFF CAMPAIGN UNDERWAY THIS WEEK

The 1986 Faculty/Staff Campaign of the Plattsburgh College Foundation kicked off this week, under the direction of co-chairpersons Bruce Butterfield, Annette Manganel and Clara LaRose. This year's goal for the Faculty/Staff Campaign is \$25,000, and donors may choose to make an outright gift or to use payroll deduction. Donors may also choose to designate their gifts for student scholarships, the library, student research or student travel to conferences with faculty members, or may give an unrestricted gift, which the Foundation will use in what is determined to be the most effective way.

Last year, 111 donors from the faculty and staff contributed \$19,102 to the Foundation. That amount represented an increase of 52% in dollars and 23% in the number of participants over the previous year. Of those donors, 75 contributed at the various leadership giving levels, beginning at \$100.

BILL MATTAR NAMED ODK CIRCLE LEADER OF THE YEAR

Bill Mattar, a senior psychology major from Amherst, NY, has been selected as Leader of the Year by the campus chapter of Omicron Delta Kappa, the national leadership honor society. In his four years at Plattsburgh State, Mattar has been very active in extracurricular activities. He has been president, vice president and treasurer of his dormitory council, a resident assistant for three years, and president of the Resident Assistants Association. He served as a Student Association Senator and last year was elected president of the 6,000-member organization. As a result of that position, Mattar also represented the student body as a member of the College Council, the College Foundation Board of Directors and the College Auxiliary Services Board of Directors. He is a member of Psi Chi, the national honor society in psychology and was a founding member of the social fraternity Sigma Pi. In addition, Mattar was president of the Studio Pottery Club and his works have been part of several campus ceramic exhibits. He has also served as a campus tour guide for the Admissions Office and is a member of the rugby club.

Mattar will now compete with representatives from 21 other colleges and universities for the Province I Leader of the Year award. Plattsburgh's candidates, James DeLuca '83, Roger Sadler '84, and Sue Coughlin '85, have won that title in each of the last three years.

DR. ELDRIDGE ROARK ELECTED PRESIDENT OF COLLEGE AUXILIARY SERVICES BOARD OF DIRECTORS

Dr. Eldridge Roark, vice president of student affairs, was elected president of the College Auxiliary Board of Directors, during a recent meeting of the board. Perry Cuocci, president of the Student Association, was elected to the post of vice president, and Cheryl Hogle to the post of secretary. Dwight Perry, Diane Fox, Ray Saba, Dr. Marilyn Chase, and Dr. Ann Hasting were elected to the executive committee. Roark announced during the meeting the appointment of several standing committees. Named to the Program Committee were: Hogle and Cuocci (co-chairs), Perry, Laurie Mante, Hasting, Elizabeth North, and Roark (ex officio). Named to the Finance Committee were: Bill Woltjen (chair), Fox, Ed Reilly, Dr. Nicholas Troisi and Stan Supinski (ex officio). The Food Service Evaluation Committee will be comprised of: Supinski (chair), Cuocci, Toni Bloom, Saba, Rebecca Lynch, Colleen O'Brien, Chase, and Hogle. Woltjen and Fox were named to the Investment Committee.

NINE INTERNS SPENDING SPRING SEMESTER IN ALBANY AGENCIES

Nine students from various majors are spending the spring semester in paid cooperative education/internship placements in Albany, according to Dr. Ann Hasting, director of the college's Cooperative Education program. Lori Kain and John Childs, both political science majors, are interning in the New York State Legislature, with Kain in the Assembly and Childs working as an aide to State Senator Franz Leichter. Other students, their majors, and their placements include: James Martino, political science, NYS Department on Environmental Conservation; Kathleen Nolan, English, NYS Division of Military and Naval Affairs; Colleen Dowden, psychology, and Mary Ann Brunner, business marketing, NYS Division of Equalization and Assessment; Judy Bedard, child and family services, NYS Commission on Child Care; Elaine Ruland, accounting, Internal Revenue Service; and Kenneth Nagle, communications/mass media, NYS Commission on Cable TV.

DAVID LEVITSKY TO TALK ON NUTRITION, EXERCISE AND WEIGHT CONTROL

Dr. David Levitsky of Cornell University's Division of Nutritional Sciences and Psychology, will be a guest lecturer on Friday, March 7. Levitsky will discuss "Nutrition, Exercise and Weight Control" at 1 p.m. in Yokum Room 200. Levitsky has published numerous articles on the subject, in such journals as "Brain Research," "Journal of Nutrition," and "Physiological Behavior," and is the author of *Malnutrition, Environment and Behavior: New Perspectives*. His visit is co-sponsored by the Center for Human Resources, the department of nursing, and College Auxiliary Services. His lecture is free and open to the campus and public.

ANNUAL JAZZ FESTIVAL SLATED FOR MARCH 10-14

The Annual Jazz Festival, sponsored by the Center for Art, Music and Theatre has been scheduled for March 10-14 and will be highlighted by the week-long campus visit of jazz musician and instructor Rich Matteson, of North Texas State University. During his visit, Matteson will conduct seminars in jazz history, improvisation, big band techniques and the place of jazz in the art world. Matteson has recorded with many well-known artists and has released several solo albums. He performs on valve trombone, euphonium and tuba, and is the founder of "The Tuba Jazz Consort."

On March 13, students from the jazz bands at AuSable Valley, Peru, Saranac Lake, Beekmantown, Plattsburgh and Lake Placid High Schools will perform in the Angell Center Ballrooms beginning at 2 p.m. A concert by the college's Jazz Ensemble, with Matteson as featured artist, will be given at 6:30 p.m. in the Hartman Theatre.

GUIBBORY AND STUART TO PRESENT RECITAL

Violinist Yenoin Guibbory and pianist Kathryn Stuart will present a recital on March 11 of works by Debussy, Schubert, Prokofiev, Sarasate, and Gershwin. Stuart will play portions of the program on a fortepiano, a replica of instruments used during Schubert's time. The concert, which is free and open to the public will begin at 8 p.m. in the Hartman Theatre.

LEADERSHIP WORKSHOP PLANNERS TO MEET AT VALCOUR THIS WEEK

The officers and executive committee of the School Administrators Association of New York State will be at Valcour Educational Conference Center on March 6 and 7 to complete planning for the Thirtieth Annual National Leadership Workshop, which is scheduled for July 28 - August 8. Dr. Nicholas Troisi announced this week that Dr. Sam Sava, executive director of the National Association of Elementary School Principals, and Dr. Scott Thomson, executive director of the National Association of Secondary School Principals, will be general session speakers at the workshop. The National Leadership Workshop annually attracts about 250 teachers and educational administrators for the two-week session.

GET READY FOR ADVISEMENT

The advisement and course selection period for the fall semester will begin on Monday, March 24th and continue until Friday, April 4th. Students should schedule early appointments with their advisors and should do some planning (review the Master Schedule) prior to their meeting. Those students with a G.P.A. of less than 2.0 should ask their advisors about the academic guidelines.

Students may turn in their completed registration cards beginning March 24th in the College Center lobby. All registration cards must be turned in by Friday, April 4th. After all cards are collected, the students will be registered by class priority. Students are urged to indicate alternate class sections, and to select alternate courses at the time they register.

Questions concerning advisement, or academic policies and procedures, can be directed to Tom Corigliano, Assistant to the Vice President for Academic Affairs, A-314, phone 2080. Questions regarding the registration process can be directed to Evelyn Skopp, Assistant Registrar, A-304, phone 2095.

FORENSIC TEAM NOVICES PLACE THIRD IN NEW ENGLAND TOURNAMENT

Plattsburgh's forensic team placed third at the New England Novice Championship Tournament held at Emerson College in Boston recently. Competing teams included, among others, MIT, Boston College, Holy Cross, Harvard, and Cornell. Plattsburgh's novices brought home 15 finalist awards. Geri Papiernick won the pentathlon award, by placing first in Drama Interpretation, second in After Dinner Speaking, fourth in Poetry Interpretation, and fifth in Dramatic Duo. Eric Marler, Lisa Zaborowski, Bill Walker, and Marilyn Miller also placed in the top five in various events.

In the Southern Connecticut tournament last weekend, Deborah Pacyna and Geri Papiernick each brought home a fourth place award, competing against 26 colleges and universities including last year's national championship teams, George Mason University of Virginia.

SPORTS UPDATE; HASTINGS SETS SUNYAC RECORD IN 800 METER RUN

The PSUC hockey team defeated the Geneseo Ice Knights in the ECAC West division quarterfinal round game on Saturday at the fieldhouse. In the 6-3 victory, the Cards were paced by Steve Plaskon's two goals and Andre Giroux's goal and three assists. Freshman netminder Craig Barnett continued his stellar play, turning aside 31 Ice Knight shots. Steve Hoar's icers travel to Elmira tonight to play the Soaring Eagles in a semi-final round contest.

Jim Nichol's men's and women's track teams participated in the SUNYAC Track and Field Championships at Fredonia State. The men came in sixth behind Andy Hastings' conference record in the 800 meter run. Hastings' time of 1:55.67 was .7 seconds better than the old meet record. Glenn Dow took third in that race. The women's seventh place effort was led by junior Sue Hutchins. The Malone native captured the 400 meter dash with a time of 61.54. Cheryl Miner finished third in the 800 meter run and helped the 4x800 meter relay team take second.

Dave Robertson's women's swimming team finished eighth at the SUNYAC championships held at Cortland State. Beth Keicher led the way with a third place effort in one meter diving. Freshman Lynn Schultz swam to a fourth place finish in the 100 yard breaststroke while Beth Huntley took sixth in the same event. The men's team will compete in the SUNYAC meet this weekend.

DOROTHY FOLEY NAMED 1986 DISTINGUISHED ALUMNUS

Dorothy Foley, who is currently chief of the Bureau of General Education Curriculum Development of the New York State Education Department, has been designated the 1986 Distinguished Alumnus by the Alumni Association's Board of Directors. Foley will be officially recognized during the annual Commencement Ceremony on May 4.

Announcing the award for the board, Mal Lavery, director of alumni affairs, commented, "Dorothy Foley has had a long and outstanding career in the education field. She has distinguished herself and brought credit to her alma mater, and the Alumni Association is proud to honor her by conferring this award upon her."

Foley received her bachelor's degree from Plattsburgh in 1953 and later earned a master's degree from SUNY Albany. After teaching elementary grades in Northport and Franklin Square, Foley accepted a position as an associate in elementary curriculum development with the State Education Department. She was later promoted to supervisor of the Resource Allocation Plan and finally to her current position. As curriculum development bureau chief, Foley is responsible for coordinating, managing and administering the development of curriculum in all subject areas for elementary and secondary schools in New York State. She also administers and coordinates the approval of courses submitted by local schools for Regents credit.

Foley served as chairperson of the State Education Department's Student Affairs Task Force and as a member of the Open Education Task Force, the Follow-Through Steering Committee, and the Career Education Management Team. She is the author of several publications, including *Planning for Social Studies in Elementary Education*, *Pupil Progress Record Keeping*, and *The Elementary School Curriculum: An Overview*. She is past president of the NYS Association for Supervision and Curriculum Development, the State Education Department Women's Council, and the NYS Congress of School Administrator Associations.

UUP, STATE REACH TENTATIVE AGREEMENT ON THREE-YEAR CONTRACT

A tentative agreement on a three-year contract between the State of New York and United University Professions was announced late last week. The tentative agreement provides for salary increases of 5 percent in each of the three years. However, the first-year increase is retroactive only to September 12, 1985 for calendar or college-year appointments, and November 7, 1985 for academic-year appointments, thus making the first year's increase only 4 percent. Also included in the new agreement is participation of UUP unit members in the state's new health insurance program plan, the Empire Plan. Other items in the agreement include:

- 1% of the unit payroll in each year for discretionary increases;
- a one-time payment of \$500 to professionals who have achieved permanent appointment status;
- 1% of the unit payroll to be set aside in each of the second and third year of the contract to implement acceptable recommendations from the promotion and classification study;
- protection for long-term, part-time employees through a new term-appointment program.

UUP Chapter President Tom Corigliano outlined the next steps in the contract procedure. First, he said, the agreement language must be translated into actual contract language. Then the proposed contract will be printed and mailed to the 18,000 union members for a ratification vote. That process, he anticipates, will take between six to eight weeks. If the contract is ratified, it will take at least another two pay periods and possibly much longer, depending on the state's fiscal actions, before the salary increases actually show up in paychecks.

ALUMNI, ADMISSIONS OFFICES TO CO-HOST RECEPTIONS FOR ACCEPTED STUDENTS

The Alumni Office and the Admissions Office will co-host four receptions for accepted students and their parents during the next few weeks. Rich Higgins, director of admissions, explained that the receptions were inaugurated last spring in an effort to increase the college's yield rate (the number of accepted students who decide to attend). Acting President Jerome Supple, members of the Admissions staff, several faculty and staff members and several alumni from each region will attend the receptions to talk about the college's programs and facilities and to answer questions. This spring's receptions will be held in Smithtown, White Plains, Albany, and Fishkill, and several hundred accepted students are expected to attend.

GEOGRAPHY HONOR SOCIETY INDUCTS SIX

Plattsburgh's Epsilon Omega chapter of Gamma Theta Upsilon, the national geography honor society, inducted six new members during a ceremony held February 25. Membership in the honor society is granted on the basis of outstanding academic achievement in geography courses. Inducted as regular members were: Jane Diresta, a senior mathematics major from Hudson Falls; Timothy McEachern, a junior geography major from Herkimer; Heidi Reed, a senior environmental science/geography major from Colden; Julie Williams, a senior environmental science major from Schenectady; and Thomas Zoeller, a senior geography major from Brewster. Christian Hansen, a freshman geography major from Plattsburgh, was inducted as an associate member.

GANDHI AND POTSDAM PROFESSOR RECEIVE GRANT TO STUDY NORTH COUNTRY BUSINESSES

Dr. Prem Gandhi, professor in the School for Business and Economics, and Dr. Ram Chugh of SUNY Potsdam, have received a \$12,995 grant from the New York State Department of Commerce through the Adirondack North Country Association (ANCA) to fund their project entitled "Successful Entrepreneurs in the ANCA Region: Case Studies of Successful Small Businesses." The two will survey successful businesses in the region and select at least one model success story from each of the 14 counties for an in-depth analysis. Gandhi said the study is the first of its kind to identify small businesses which have succeeded in this region, despite the negative perceptions about its location and the business climate. He expects that ANCA will use the study results as a marketing strategy to attract, promote and nurture new businesses.

SIX STUDENTS TO PARTICIPATE IN OAS MODEL ASSEMBLY

Six students from the Latin American Studies program will participate in the Model OAS General Assembly to be held at the headquarters of the Organization of American States in Washington, D.C. from March 16-22. The students from Plattsburgh will represent Paraguay during the Assembly. The Model OAS Assembly is designed to provide participants with the opportunity to apply theory learned in the classroom to actual foreign-policy issues of the region. The students participating from Plattsburgh include: Gregory Cook, senior English/history; Cathleen Cortelyou, senior Latin American Studies major; Betsy Kerns, senior Latin American Studies/political science major; Timothy Morrissey, senior business/Latin American Studies major; Rodney Rozell, senior Latin American Studies/history major; and Lisa Dugan Wardel, senior elementary education major (Latin American Studies minor). Drs. Peter Gore, professor in the Center for Earth and Environmental Science, and Stuart Voss, coordinator of the Latin American Studies Program, will accompany the students.

ELECTION UNDERWAY FOR PRESIDING OFFICER OF THE FACULTY

An election is currently underway on campus to fill the newly created position of Presiding Officer of the Faculty. Candidates for the post are Helen Waterhouse, Herman Doh, Melvin Donaho, John Meyer, and Joseph Burke. At the same time, an election is being held for Senator-at-Large positions. A change in the faculty bylaws decreased the number of Senators-at-Large from four to three. The four candidates are Howard Miller, Herman Doh, Robert Withington, and Carrie Harris. Voting members of the faculty have received ballots, which must be returned to Stephen Adams, Kehoe 916 before 3 p.m. on Friday, March 14.

ROBERT CREELEY TO GIVE POETRY READING ON MARCH 27

The Visiting Poets and Writers Series will sponsor a reading by well-known poet Robert Creeley at 8 p.m. on March 27 in the Angell Center Cardinal Lounge. Creeley is the David Gray Professor of Poetry and Letters at SUNY Buffalo. He has taught at the University of New Mexico and spent two years at the experimental arts college in Black Mountain College in North Carolina, where he conceived and edited the influential *Black Mountain Review*. He is the author of numerous volumes of poems, including *Hello: A Journal*, *Mirrors*, and *The Collected Poems of Robert Creeley, 1945-1975*. His reading is free and open to the campus and the public.

CHEMIST TO DISCUSS REFUSE INCINERATION AND DIOXIN

Is the public getting the true picture of the hazards associated with trash incineration? That will be the subject of a discussion by Dr. P. Connett of St. Lawrence University on March 27. The problem of trash disposal, said Connett, is becoming a major consideration for municipalities and the public as stricter rules for dumps are enforced or dumps are closed here in the North Country. Connett will lecture on "Refuse Incineration and the Dioxin Problem" at 4:15 p.m. in Yokum Hall 201, as part of the Student Chemical Society's Third Semi-annual Chemistry Lecture Series. His lecture is free and open to the campus and the public.

SPORTS UPDATE; CARDINALS NAMED SUNYAC ALL-STARs

Several PSUC varsity athletes were selected to SUNYAC All-Star teams this week. Junior Dave Piromalli was selected to the All-SUNYAC hockey first team along with freshmen Andre Giroux and Chris Panek. Basketball stars Darcy Gilbo and Donna Dixon were tabbed as first team selections while freshman T.J. Cornwright earned honorable mention status. Junior Rudy Outlaw of the men's basketball team earned honorable mention status.

The men's hockey team dropped a 9-5 decision to Rochester Institute of Technology in Saturday night's championship game of the ECAC West Tournament. The Cards advanced to the title game by defeating Elmira College 3-2 on the road. In the RIT game, PSUC battled back from five one-goal deficits before bowing to four straight Tiger goals. Chris Panek led the way for the Cards with two goals and an assist. Against Elmira, Dave Piromalli scored a pair of goals, including the game winner with 1:29 in the contest. Netminder Craig Barnett stopped 34 shots in goal to preserve the victory.

Jim Nichol's men's and women's track teams competed at the New York State championships and the ECAC championships, respectively. The men's distance medley relay team defeated St. Lawrence to capture the Cards' lone victory. Jeff Curtachio, Bill Kinahan, Andy Hill, and Glenn Dow covered the 2½ mile course in 10:31.4. Andy Hastings came in second in the 1500 meter run with a season's best time of 3:56.84. The women finished 10th at the ECAC meet held at Colby College. The Cards were led by a sixth place finish in the 4x800 meter relay.

The men's swimming team set seven school records en route to a 10th place finish at the SUNYAC championships held at Brockport State. Pat Driscoll led the way, figuring in five of the records and taking a seventh place effort in the 200 yard butterfly. The 400 yard freestyle relay team finished eighth with a time of 3:24.25.

CARDINALS SEEDED FOURTH IN NCAA DIVISION III HOCKEY TOURNAMENT

The Cardinal hockey team has been seeded fourth in the upcoming NCAA Division III ice hockey playoffs and will host Babson College this Friday and Saturday in the quarterfinal round. In other action, Union will play at RIT, Elmira at Bemidji (Minn.) State, and St. Thomas at Mankato State. The site for the semifinal and final round of the Championship will be determined after this weekend's matches.

This year's playoff format is slightly different from last season's total goals series. If the teams split the two games, a 10-minute 'mini-game' will be played immediately after the second game. If the score is tied after the 'mini-game,' the outcome will be decided in sudden death.

All passes are suspended for the playoffs. This weekend's games get underway each evening at 7:30 p.m. in the field house.

CARDINALS FINISH SECOND IN NCAA HOCKEY TOURNEY

The Plattsburgh State hockey Cardinals fought gamely but wound up as runners-up to Bemidji State, Minn., in last weekend's NCAA Division III national championship tournament hosted by the winning team.

The Cardinals reached the title contest by way of a 7-5 victory over Mankato State, Minn., on Friday. However, the Bemidji Beavers, who defeated top-seeded RIT, 4-3, Friday in a come-from behind, overtime thriller, pinned an 8-5 loss on the Cards Saturday night to take the national crown before a full house in their home rink. A year ago, at Union College, Bemidji eliminated Plattsburgh from national championship contention by a 7-6 score in triple overtime in the semi-final round of the NCAA tournament.

This past weekend's trip to the "final four" was the fourth for a Cardinal team in the last six years, and the second in as many years under head coach Steve Hoar. The Cardinals in 1985-86 compiled a 27-13-1 record.

At Bemidji, Plattsburgh State was led by all-tournament defenseman Chris Panek. The freshman defender tallied a pair of goals and two assists and was a dominating figure on the blue line. Neil Mulcahy and Andre Giroux also netted two goals in the tournament while net-minder Craig Barnett, also a freshman, stopped 79 shots, including 51 in a superb performance against Mankato.

HASTINGS WINS NCAA TITLE; NAMED ALL-AMERICAN

While the Cardinal hockey team was wearing down opponents en route to a shot at the national title, senior middle-distance runner Andy Hastings was making sports history at Plattsburgh State. The health education major from nearby Morrisonville won the 800-meter run on March 15 at the NCAA Division III indoor track & field championships held at Bethel College in Saint Paul, Minn. The record books are still being searched, but it is believed the achievement establishes Hastings as Plattsburgh State's first individual NCAA champion in any sport. His winning time of 1:54.25 was his personal best on an indoor track, and established a new school record in the event.

The triumph, in a strong finish in which he caught and passed Brockport State's Gilbert Cowan, who finished second, on the straightaway, earned Hastings instant status as a Division III All-American in track & field. The 10 points he garnered for first place moved Plattsburgh into a tie for 11th place in the final team standings.

Hastings, who starred in track locally at Saranac Central High School, attended and ran at the University of Houston for two and one-half years. According to news reports, a stress fracture and other injuries hampered his performance and contributed to his decision to return to the North Country and to transfer to Plattsburgh State. He took a year off from running competitively to train, and he began his comeback during the indoor campaign with the intent to be ready for the outdoor season which begins next week.

PLATTSBURGH FACULTY MEMBERS WIN SUNY FACULTY GRANTS

Dr. Bryan Higgins, assistant professor in the Center for Earth and Environmental Science, Dr. Charles List, assistant professor of philosophy, and Dr. James Armstrong, assistant professor of anthropology, have won support for a project from the SUNY Research Foundation through the Faculty Grants for the Improvement of Undergraduate Education. With the grant funding, the three will develop "An Active Approach to Team Teaching in General Education."

Dr. John Wolocz, assistant professor in the Center for Earth and Environmental Science, will share in a grant with Dr. John Fauth, professor of geology at Cortland State. Their grant will support their geologic research project, which is entitled "Brauer Field Camp Geologic Base Map."

Sue Spissinger, director of sponsored research, said that 124 applications were submitted in this year's competition for the SUNY grants, but only 17 were funded. No other campus received more than one grant.

EDUCATION MAJORS PERFORM WELL ON NTE EXAM

Plattsburgh State's sophomore and junior education majors who took the National Teacher's Examination (NTE) last fall exceeded the qualifying scores in all three test categories.

A comparison of the test results shows that where the average score state-wide in "communication skills" was 83.7%, Plattsburgh's education students averaged 84.7%. On the "general knowledge" test component, the average for all students tested was 77.7%, but Plattsburgh's students averaged 80.5%. In "professional knowledge," Plattsburgh's education majors achieved an average score of 94.4% in comparison with the state-wide average of 86.9%. Eighty-five Plattsburgh students took the communications skills test; 87 took the test of general knowledge and 61 the professional knowledge exam. The NTE is required in New York State prior to granting students provisional teaching certification.

INTERVIEWS TO BEGIN FOR SCHOOL OF BUSINESS & ECONOMICS DEAN CANDIDATES

On-campus interviews begin tomorrow for the first of five candidates selected by a Search Committee as finalists for the position as dean of the School of Business and Economics. Each of the candidates will visit the campus for two days of interviews and meetings scheduled through April 11.

Candidate Dr. Wallace Feldman, professor of marketing at Suffolk University in Boston, will be on campus tomorrow and Friday. Feldman, who holds the D.B.A. from Harvard, has been a member of the faculty at Suffolk since 1976. He chaired that institution's marketing department from 1977-83, and has taught also at Boston College. The other candidates invited to campus, their backgrounds, in brief, and the dates of their visits are:

- Dr. Glen Pitman, assistant dean for academic programs, School of Business Administration, University of Connecticut at Storrs; Ph.D., The Pennsylvania State University; former assistant dean for graduate programs at UCONN whose academic experience includes teaching posts at Penn State and West Virginia University. April 1-2.
- Dr. Harold A. Gram, associate professor of management and director of external and co-op programs, Concordia University, Montreal; Ph.D., Syracuse University; former chair of the management department at Concordia and former vice president for administrative affairs at Florida International University. April 3-4.
- Dr. Gary L. Pielemeir, dean, School of Business, Salisbury State College, MD; Ph.D., University of Minnesota; former assistant dean and MBA director at Youngstown State University who has taught at Pepperdine, Northern Illinois and Chicago State Universities. April 7-8.
- Dr. John O'Hara, executive vice president, Houston Economic Development Council, Houston, TX; Ph.D., University of Alabama; former vice president and director of the Rice Center at Rice University and former associate chancellor of The University of Houston who has taught at Rice, Houston and Alabama. April 10-11.

The complete files of all candidates may be reviewed in the Office of the Vice President for Academic Affairs. The interview schedules for each, which include opportunity for meetings involving all interested faculty, are also available in that office.

FESTIVAL QUEBEC SCHEDULED FOR APRIL 11-12

The annual Festival Quebec, sponsored by the Center for the Study of Canada, has been scheduled for April 11-12, according to Dr. Richard Beach, the Center's director. Friday's activities will include a Quebec information booth in the Angell Center lobby, four showings of "Crac," an animated film depicting life in the province of Quebec, a lecture on "Contemporary Quebec-A Diplomat's View" by Madame Rita Dionne-Marsolais, chief delegate of the Quebec Delegation to New York City; and two appearances by Quebec musician Pascal Normand. On Saturday, Andre Gagnon, noted composer and pianist, will perform in Hawkins Hall Auditorium at 8 p.m. His appearance is co-sponsored by the Clinton County Council on the Arts, and tickets are on sale at the Center for the Study of Canada. All events are open to the college community and the public.

DR. ROBERT DAVIS TO CHAIR ANIMAL CARE COMMITTEE

Dr. Robert Davis, assistant professor of hearing and speech science, has been selected to chair the newly formed Animal Care Committee. The committee is charged with monitoring the use and care of animals on the Plattsburgh campus and insuring that the college is in compliance with state and federal guidelines. Other members of the committee are: Dr. William H. Ahroon, J. Derek Allan, Dr. Ralph Clark, Dr. Ray Domenico, Dr. Charles List, Dr. Hounq Liu, Dr. Henry Morlock, William Owens, Dr. Lynn Palmer, Gerald Reuter, Carolee Smith, Susan Spissinger, and Dr. Daniel Vogt.

MEYER ELECTED PRESIDING OFFICER OF FACULTY

Dr. John Meyer, professor of communications, was elected to a three-year term as Presiding Officer of the Faculty. Meyer tallied 107 votes in the five-person contest, easily outdistancing the rest of the field. In the voting to select three Senators-at-Large from the current four, Dr. Carrie Harris won a three-year term, Dr. Howard Miller was elected to a two-year term, and Dr. Herman Doh was voted into office for a one-year term.

ROARK RE-ELECTED TO O.D.K VICE PRESIDENCY

Dr. Eldridge W. Roark, Jr. was re-elected to a second two-year term as National Vice President of the Omicron Delta Kappa Society, during O.D.K's Biennium Convention held March 14-16 at Louisiana State University, Baton Rouge. Edward Asselin, a senior secondary education-English major, was re-elected as Student Director of Province I for a second one-year term.

DR. DIANA GREENE'S FIRST BOOK PUBLISHED

Insidious Intent: An Interpretation of Fedor Sologub's "The Petty Demon," written by Dr. Diana Greene, instructor in Women's Studies, has been published by Slavica Publishers, Inc. The book was published as part of the series of the Studies of the Harriman Institute of Columbia University. "It's a book about a book," Greene said, explaining that Sologub's *The Petty Demon*, published in 1907, is an unusual book, which portrays the mental breakdown of its main character in such a way as to cause the reader to experience it. Begun in 1974 as Greene's doctoral thesis, the book was partly funded through a post-doctoral fellowship from Columbia University.

INTERNATIONAL RELATIONS CLUB SHOW SET FOR SATURDAY

The annual spring cultural show and social program sponsored by the International Relations Club will be held this Saturday beginning at 8 p.m. in the Ballroom of the Angell Center. The cultural presentation will feature dances and a show of costumes native to the homelands of foreign students enrolled at the college. Some 20 foreign students will participate. The social program, which will include various types of music, will follow. Tickets, priced at \$2 for students and \$3 for all others, may be purchased at the Angell Center desk or at the door.

CONFERENCE TO EXAMINE CONTROVERSIAL TOPIC OF PRIVATE PRISONS

A one-day conference designed to explore the advantages and disadvantages of private sector involvement in corrections will be held next Friday (April 11) beginning at 9 a.m. in the Ballroom of the Angell College Center.

New York State Commissioner of Corrections Thomas A. Coughlin headlines the list of corrections administrators — from both the public and private sectors — and local and state government officials, educators, and a representative of employees in the field of corrections who will debate issues surrounding the conference theme, *Private Prisons: Threat or Opportunity*. The conference is being co-sponsored by Plattsburgh State's Criminal Justice program and faculty and the college's Center for Lifelong Learning.

The conference will be organized into a morning session, a luncheon program featuring Coughlin as the principal speaker, and an afternoon session. The morning session will be devoted to separate discussions on the topics of benefits versus pitfalls on the question of private prisons. The support argument will be advanced by Robert G. Britton, vice president for business development for the Corrections Corporation of America in Nashville, TN, who has been involved in running a private corrections facility. Britton's experience in the field includes service as a prison warden and a commissioner of corrections. The opposing view will be offered by Kenneth F. Schoen, director of the justice program for the Edna McConnell Clark Foundation in New York City. Schoen formerly served a five-year term as a corrections commissioner for the State of Minnesota.

The afternoon panel session will focus on two policy questions: "Should facility management be under private control?" and "Does private industry have a role in prison work programs?" In addition to Coughlin, Britton and Schoen, panelists will include New York State Senator Ronald B. Stafford of Plattsburgh; Richard J. Bischert, executive director of security unit employees of Council 82, AFSCME, AFL-CIO; Jon Flood, director of the Correctional Corporation of Wisconsin; and Paul Popp, visiting professor of management in the School of Business and Economics at Plattsburgh State.

Further information about the conference and registration procedures may be made by contacting the Center for Lifelong Learning at 564-2050.

NSF GRANT SUPPORTS STUDENT RESEARCH INSTRUCTION PROGRAM

Dr. Roy S. Malpass, professor of behavioral science, has received a grant of \$23,375 from the National Science Foundation (NSF) to support a project entitled, "An Undergraduate Research Instruction Program in the Behavioral Sciences." The funds will be used to acquire three computer systems that will expand opportunities for students at the College to participate in research.

Project Director Malpass said the computer systems are designed to facilitate student participation in the work of five existing research programs on campus. The five are: "Skeletal Analysis," with Anthropology Professor Mark Cohen; "Social Cognition," with Psychology Professor William Gaeddert; "Historical Archaeology," with Anthropology Professor Gordon Pollard; "Elderly Adult Memory," with Psychology Professor Taher Zandi; and "Human Face Recognition," which is the title of the project director's work.

Malpass pointed out that the proposal submitted to NSF is part of the development of an increased emphasis on opportunities for undergraduates to participate in research in the behavioral sciences. "For more than a decade," he said, "students have made important contributions to the scholarly research of our faculty, and have had learning experiences that cannot be found in other ways. The new computer systems will make it possible for more students to assume responsible roles in scholarly research at Plattsburgh."

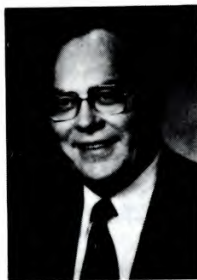

CHINESE SCULPTOR TO BE VISITING DISTINGUISHED PROFESSOR

Wu Jie-qin, sculptor at the Central Institute of Fine Arts in Beijing, People's Republic of China, will be Visiting Distinguished Professor at the College for 11 days beginning next Monday (April 7). Wu has been a member of the Central Institute faculty since 1955. His tenure there was twice interrupted by political upheaval in his country. He spent 1957-64 in prison as a consequence of the anti-rightist movement in China in that era. In 1966, during the Cultural Revolution, he was sent to an army labor farm where he remained until 1973.

While at Plattsburgh, Wu, who speaks English fluently, will share his experiences in China and his knowledge of contemporary China in a series of public talks, illustrated by slides, and in meetings with students and faculty. The first of his public lectures, scheduled for 4:15 p.m. Monday in the Cardinal Lounge of the Angell College Center, is autobiographical and is entitled "An Artist in the People's Republic of China." (Consult *This Week on Campus* through April 17 for the remainder of Wu's speaking schedule.)

Wu's visit to Plattsburgh is sponsored jointly by the Office of the Vice President for Academic Affairs and the Distinguished Visiting Professor Selection Committee.

MOWRY TO HEAD '86 ANNUAL GIVING CAMPAIGN

Harry E. Mowry, vice president and general manager of Harris Graphics Corp. in Champlain, has agreed to serve as chair of the Plattsburgh College Foundation's 1986 Annual Giving Campaign. Annual giving encompasses seven separate fund drives, and includes the Annual Alumni Fund, Business/Corporate Campaign, Cardinal Booster Club and Community Friends and Faculty/Staff Campaigns. Annual giving in 1985 exceeded \$240,000.

A first vice president of the College Foundation and a member of that organization's Board of Directors for the past five years, Mowry has chaired Business/Corporate drives that have established record giving levels consecutively in each of the past five years. In his new role, Mowry succeeds Curtis E. Shipman, who assumed the Foundation presidency earlier this year. In addition to his service to the Foundation, Mowry has been a member of the Plattsburgh College Council since 1980.

TOUR GUIDES NEEDED FOR APRIL 19 ADMISSIONS OPEN HOUSE

The Office of Admissions is seeking students to serve as tour guides during the Spring Open House program for prospective students and their parents scheduled for Saturday, April 19. Volunteers may be from any class level. It doesn't matter whether they reside on campus or in the community, nor is experience required. One-hour information meetings have been scheduled from 6 to 7 p.m. on April 8 and 9 in the Cardinal Lounge, and April 10 in the Amnesty Room. Students who have no tour guide experience but are interested in participating in the Open House program are encouraged to attend any one of the information sessions. Those who cannot attend any of the meetings but still would enjoy taking part are asked to contact Ed Asselin, Admissions Intern, at 564-2040.

Open House is intended to provide opportunity for students accepted for admission in the fall to meet with faculty and currently enrolled students and to obtain a "general feeling" for the campus and its academic programs and extracurricular activities. Evaluation of previous events by prospective students and their parents indicate that campus tours and the opinions and attitudes of student guides can be highly influential in the decision to enroll at Plattsburgh.

ALUMNI GIVING PROGRAM FINALIST FOR CASE AWARD

The Annual Alumni Giving program at the college has been selected as a finalist in the "Sustained Performance" category in the 1986 U.S. Steel Alumni Giving Incentive Awards Program administered by the Council for Advancement and Support of Education (CASE). The program, now in its 27th year, honors institutions and their alumni "for distinguished achievement in the development of alumni support."

Preliminary screening for the awards was based on information submitted by the college's alumni affairs office to CASE on the latter's "Survey of Voluntary Support of Education." To be considered a finalist in the Sustained Performance category, Plattsburgh had to demonstrate no year-to-year decline in the number of alumni donors to its annual fund or in alumni dollars given to the fund over a four-year period. As requested by CASE, additional information in support of the college's entry in the awards competition will be forwarded to the sponsoring agency in the near future. Winners are notified in May.

FOOD & FITNESS FAIR SET FOR NEXT SUNDAY

The second annual Food and Fitness Fair sponsored by the Marriott Corporation's "Good Food, Better Nutrition, Best Health Program" will be held next Sunday (April 13) from 11 a.m. to 3 p.m. in the Ballroom of the Angell College Center. Visitors to the Fair will be able to have their blood pressure monitored and lung capacity, body fat and muscle measured. Samples of non-alcoholic beer and healthy snacks will be available, and professionals will be on hand to analyze one's diet and caloric needs and to provide complete health and nutrition information for persons ranging in age from infancy to senior citizen. More than 30 health-related organizations and agencies are expected to be represented, and include the American Heart Association and the Clinton County Alcohol Program. Additionally, students majoring in nutrition at Plattsburgh State will participate. Admission is free.

SPORTS NIGHT PROGRAM SCHEDULED FOR APRIL 13

The annual Sports Night Banquet and Recognition Program honoring all men and women athletes who played intercollegiate sports at Plattsburgh State during 1985-86 will be held on Sunday, April 13, at 7 p.m. in Algonquin Dining Hall. The event is sponsored by the Cardinal Booster Club in cooperation with the Alumni Association and the Office of the Vice President for Student Affairs. More than 200 students are expected to attend. Graduating seniors in each sport will be honored, and a man and woman student each will receive recognition as recipient of the Booster Club's Athlete-of-the-Year Award.

CORRECTION

Errors occurred in two separate items in the March 26, issue of WEEKLY.

In the first, involving the awarding of SUNY Research Foundation Faculty Grants for the Improvement of Instruction to Plattsburgh faculty, one of the recipients was identified incorrectly. The correct name is *Dr. Thomas Wolosz*, who is assistant professor in the Center for Earth and Environmental Science.

The second error involved substitution of the wrong name in the article dealing with the pending visit to campus of candidates for the position as dean of the School Business and Economics. Dr. John O'Hara, professor in the School, was identified incorrectly as the candidate scheduled to visit Plattsburgh on April 10-11. That candidate has since withdrawn from consideration.

COLLEGE CONTRIBUTES \$88.7 TO CLINTON COUNTY ECONOMY

Plattsburgh State had an \$88.7 million direct and indirect impact last year on the economy of Clinton County, according to a study completed recently by the Technical Assistance Center in conjunction with several academic departments. The college itself and members of the college community (faculty, students, visitors, etc.) contributed \$35.5 million directly into the economy. However, when the recycling of those dollars is taken into consideration, the full impact totals nearly \$90 million.

With approximately 900 full and parttime employees (including Research Foundation, College Auxiliary Services, and Marriott personnel), the college is the fourth largest employer in the county, with a 1985 payroll of \$20.2 million. The study determined that one in every 13 dollars expended on retail sales last year was generated by spending by the college's employees and students and by the institution itself.

The college's direct local expenditures amount to more than \$3.8 million, for such items as electricity, fuel oil, water and sewer, telephone services, supplies and equipment, trash removal and other contractual services.

WHERE THE *\$35.5 MILLION DIRECT SPENDING CAME FROM

Faculty and Staff	\$14,826,668
Students	\$12,368,864
The College purchased goods and services locally totaling	\$3,861,836
College Auxiliary Services, Research Foundation and Food Service	\$1,786,535

HAMERNIK SIGNS 5-YEAR \$885,000 RESEARCH CONTRACT

Dr. Roger Hamernik, who recently joined the faculty with a dual appointment in the physics and the hearing and speech science departments, has been awarded a five-year contract in the amount of \$885,878 from the U.S. Army Medical Research Command to fund research on "The Effects of Blast Trauma on Hearing: A Parametric Study." Sue Spissinger, director of Sponsored Research, said that as far as the office staff can determine, this is the largest single contract to be awarded to a faculty member at Plattsburgh State. Under the contract, Hamernik will develop a broad data base from which one can estimate the hazards to hearing resulting from exposure to blast waves or other high level impulse noises. Under study will be the effects of various levels of energy, intensity, repetition rate and total number of impulses from a wide spectrum of blast waves generated in Hamernik's blast wave acoustics laboratory.

Hamernik, formerly of the University of Texas Callier Center for Communication Disorders, holds several other major grants and contracts which support his work. He has written extensively on his research into various aspects of hearing loss.

DOROTHY FOLEY TO DELIVER COMMENCEMENT ADDRESS

Dorothy Foley, the 1953 Plattsburgh graduate who will receive this year's Distinguished Alumnus Award during the annual commencement exercises, has also been selected to deliver the commencement address. Foley holds the position of chief of the Bureau of General Education and Curriculum Development for the New York State Education Department. In that position, she is responsible for coordinating, managing and administering the development of curriculum in all subject areas for elementary and secondary schools in the state. She also administers and coordinates the approval of courses submitted by local schools for Regent credit.

ACID DEPOSITION BOOK EDITED BY DRS. ADAMS AND PAGE PUBLISHED

Acid Deposition: Environmental, Economic and Policy Issues, which was edited by Drs. Donald Adams and Walter Page has been published by Plenum Press. The book is an expanded version of the proceedings of a conference on acid deposition and its environmental and economic impact which was held on the Plattsburgh campus in June, 1983. Included in the volume are sections on atmospheric processes and transport, environmental impacts to aquatic ecosystems and processes, environmental impacts to terrestrial ecosystems and processes, economic impacts, and policy issues.

Adams, a professor in the Center for Earth and Environmental Science, is currently on leave as a Max Planck Fellow at the Max Planck Institute for Limnology. Page is a professor in the School for Business and Economics.

EXPERT ON HISTORY OF SCIENCE TO SPEND TWO DAYS ON CAMPUS

Dr. Arnold Thackray, noted authority on the historiography and sociology of science, will visit the Plattsburgh campus on April 14-15. Thackray will offer a special seminar on "Inventing Behavioral Science" for advanced students and faculty, and will also present a public lecture (8 p.m., April 14, Yokum 208) on "The Historian's Calling in the Age of Science."

Thackray is dean of graduate studies and research at the University of Maryland-College Park. He is the author of several books, including *Atoms and Powers* and *Chemistry in America, 1876-1976*. In 1983, he received the Dexter Award of the American Chemical Society for outstanding contributions to the history of chemistry. His visit is sponsored by SUNY and the History of Science Society. For more information, contact Dr. Charles List, CV Hall.

FIFTH FABULOUS FEINBERG BOOK SALE SLATED FOR SATURDAY

As a fitting end to National Library Week, the Feinberg Library will hold its Fifth Fabulous Feinberg Book Sale on Saturday, April 12, from 12 noon to 5 p.m. in the corridor outside the library's Special Collections. This year's bookstock includes fiction, history, psychology, philosophy, religion, children's music and an assortment of popular magazines. There is also a particularly large selection in education, the sciences, and foreign language and literature, as well as a special table of fine bindings and rare books on a variety of subjects. The books and periodicals (National Geographic, Adirondack Life, and lengthy runs of Harper's) were accumulated through gifts made to the library over the past eighteen months. Those materials which are duplicated in the library's collections or which are inappropriate to the scope of the library are used for the sale. Proceeds from the sale are used to purchase exceptional library materials that the Feinberg would be unable to afford otherwise. Money generated from previous sales has made it possible for the library to acquire a number of expensive reference sets and to complete its holdings of several runs of periodicals. For more information regarding the sale, please contact Leah Monger, Gifts and Development Librarian, at 564-5199.

DR. EMANUEL SIVAN TO LECTURE ON CAMPUS ON APRIL 14

Dr. Emanuel Sivan, professor of history at Hebrew University in Jerusalem and editor-in-chief of the "Jerusalem Quarterly," will speak on campus at 8 p.m. on Monday, April 14 in Yokum 200. Sivan has served as special advisor on foreign affairs to Israeli Foreign Minister Moshe Dayan and presently works as foreign policy advisor to Prime Minister Peres. He is the author of *Islam and the Crusades*, *Communism and Nationalism in Algeria*, *Islam: Past and Present*, and *Radical Islam*. SPRING OPEN HOUSE SCHEDULED FOR THIS SATURDAY

The annual Spring Open House for prospective students and their families will be held on Saturday, April 19. All accepted students have been invited to attend. Also invited are high school juniors who are beginning their college search. Well over 1,000 visitors are expected to be on campus for the Open House.

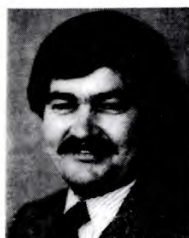

The day's activities begin at 9:30 a.m. with a welcome by Acting President Jerome Supple and Student Association President Perry Cuocci in the Angell Center Ballroom. Students will then be taken to the department of their intended major to talk with faculty and students. Undecided students will meet with a special group of faculty members. Student tour guides will conduct walking tours of the campus. During the afternoon, three workshops of general interest will be held. During the entire day, the bursar's office will be open to accept deposits, the housing office will be open to discuss and accept housing contracts, and the outreach center will be open. The financial aid office has scheduled appointments with more than 80 families. The formal activities will conclude at 2:30 p.m.

ACADEMIC CONVOCATION TO HONOR SCHOLARLY ACHIEVEMENTS

The Third Annual Academic Convocation will be held at 7:30 p.m. on Sunday, April 20 in Hawkins Hall Auditorium. Lise Bissonnette, former editor-in-chief of the Montreal newspaper, "Le Devoir," will receive an honorary Doctor of Humane Letters Degree. Several academic awards and scholarships will be presented to outstanding students, and Phi Eta Sigma, the national honorary society for freshmen, will present its Distinguished Faculty Award to a faculty member. The convocation is open to the campus and community.

STUDENT SERVICE AND ACHIEVEMENT AWARDS CEREMONY SLATED FOR APRIL 24

The Sixth Annual Student Service and Achievement Awards Ceremony will be held at 4 p.m. on Thursday, April 24 in the Angell Center Ballroom. Dr. Eldridge Roark, vice president for student affairs, said, "This ceremony is designed to give some recognition to our 'unsung heroes' — students who have made significant contributions to the college and community through their volunteer and extracurricular activities. Among the awards to be given will be the Student Association award for outstanding achievement, and awards to outstanding members of the campus media, the Greek organizations, residence hall personnel, and commuter club. In addition, Omicron Delta Kappa, which hosts the event, will present its annual awards to Outstanding Sophomores. The ceremony is open to all.

FOUNDATION'S BUSINESS CORPORATE CAMPAIGN TO KICK OFF NEXT WEEK

The College Foundation's 1986 Business/Corporate Campaign will kick off next Wednesday (April 23) with 68 volunteers from the business community under the leadership of co-chairpersons Clifford Calongne, vice president for operations at Northern Insuring Agency, Inc., and Ronald Marino, vice president and branch manager at Norstar Bank. Team captains for the campaign will include Dan Adams, Marge Atwater, Anne Brandell, Aird Dorrance, Paul Green, Elizabeth Kelly, Carl Leahy, Terry Meron, Michael Murray and Roger Nolette.

The goal for this year's Business/Corporate Campaign has been set at \$85,000. Last year's campaign raised \$79,330 with contributions received from 236 firms.

WILLIAM SOPER TO RETIRE; GARY CROSS APPOINTED HEAD JANITOR

William Soper, a member of the college staff since 1966, has announced his retirement, effective this month. Gary Cross, coordinator of custodial activities for the past few years, has been appointed to replace Soper. The position involves supervisory responsibility for the entire custodial staff, which numbers more than a hundred full and part-time personnel.

Soper joined the staff twenty years ago and worked in the warehouse and the mailroom. He was promoted to supervising janitor, and, in 1978, was promoted again to his current position. Soper served several years as vice president of the campus CSEA chapter.

Cross was hired in 1972 as a cleaner and was promoted to supervising janitor and later to his current position. He is enrolled at the college in the bachelor's degree program in management. He has recently been responsible for the computerization of janitorial supply records and consumption.

COLLEGE RECEIVES GIFT OF SHRUBS AND TREES

The college has received approximately 90 shrubs and trees through the College of Forestry's outreach program with SUNY colleges. Derek Allan, facilities director, said that the nursery stock ranges in size up to 4-5 feet. The gift includes maples, arbor vitae, Austrian pines, blue spruce, European mountain ash, flowering crabapples, honey locusts, junipers, red oaks, white pines, and Japanese spreading yew. The campus beautification committee is currently selecting locations for the planting of the new trees and shrubs and expects to have the planting completed within the next few weeks.

LESLIE HART TO SPEAK ON BRAIN-COMPATIBLE EDUCATION ON APRIL 21

Leslie Hart, an independent consultant, writer and lecturer on education, will be a guest speaker on campus at 2:30 p.m. on April 21 in Yokum 200. Hart is recognized as a pioneer and leader in the emerging field of brain-compatible education and brain based learning theory. His Proster theory, introduced in *How the Brain Works*, is widely accepted and immediately useful in sharply raising student achievement. Hart has put his ideas to the ultimate test by opening two schools. His lecture is free and open to all. Hart's visit is co-sponsored by the Student Association and the Center for Teacher Education and Educational Services.

SOCIOLOGIST TO DISCUSS SENTENCING OF CRIMINALS

On April 24th at 4:10 p.m. in the Champlain Valley Hall Commons, Dr. Terrance Miethe of Virginia Polytechnic Institute and State University will deliver a lecture entitled "Determinant Sentencing: A Search for Reform?" Dr. Miethe, a sociologist, is currently conducting an evaluation of the determinant sentencing policy in Minnesota for the National Institute of Justice and has also conducted research on criminal justice decision making. This research will be the basis of a second presentation on April 25 at 12:40 p.m. in CL-201 titled "Detecting Racial Differences in Criminal Justice Decision Making." Both lectures are open to the public. His visit is sponsored by the Sociology Club, Department of Sociology and College Auxiliary Services.

A search is underway for a director of personnel and affirmative action to replace Mayerlyn Miller Payne, who recently resigned. The closing date for applications is May 15.

During the search period, routine personnel matters will continue to be handled in the Personnel Office on the ninth floor of the Kehoe Building. Dr. Jerome Supple, acting president, will handle the signing of affirmative action materials.

HASTINGS, SICKLER NAMED ATHLETES-OF-THE-YEAR

A national champion in track and an outstanding performer in soccer for four years have been named Plattsburgh State's Athletes of the Year for 1986 in men's and women's intercollegiate sports, respectively. Seniors Andy Hastings, a health education major from nearby Morrisonville, and Emily Sickler, a business/marketing major from Franklin, received the honor during the annual Sports Night Banquet and Recognition Program sponsored by the Cardinal Booster Club. Approximately 300 individuals, including student-athletes representing all 14 men's and women's intercollegiate teams, Booster Club members and guests, and campus officials, attended the event.

Hastings, a middle-distance runner who transferred to Plattsburgh State two years ago from the University of Houston, has maintained a cumulative grade-point average of 3.05 (out of a possible 4.0) in his studies while participating in track on a year-around basis. He was sidelined by injuries throughout the 1984-85 indoor and outdoor seasons, but continued to train and to assist his teammates in practice and at all home meets. Elected captain of both the cross country and track & field teams for 1985-86, Hastings initiated a personal comeback campaign that peaked during the NCAA Division III indoor championships held in mid-March at Bethel College in Saint Paul, Minn. He won the 800-meter run with a personal best and school record time of 1:54.25 to become the first individual NCAA champion in any sport in Plattsburgh State sports history and to achieve All-America recognition.

Sickler, a Dean's list student as a junior who will graduate with a grade-point average above 3.0, was a stellar performer for the women Cardinals since earning a starting role as a freshman. She anchored the defense at the sweeper position throughout her soccer career, earning first-team NYSAIAW All-Championship honors in 1983-84 and first-team All-SUNYAC recognition in each of the past two seasons. With Sickler providing the leadership, the Cardinals in the past four years compiled an impressive 46-17-2 record overall and earned invitations each year to post-season tournament play.

Booster Club president Bob Wallett (r.) presented the awards to Andy Hastings and Emily Sickler.

DR. STUART BAUM WINS PHI ETA SIGMA FACULTY AWARD

Dr. Stuart Baum, professor of chemistry at Plattsburgh State, was selected to receive the Phi Eta Sigma Distinguished Faculty Award during the Annual Academic Convocation held Sunday evening in Hawkins Hall. The award was presented by Dana Olmsted, president of Phi Eta Sigma, the national honor society for freshmen. The citation read, "In recognition that the freshman year of college study presents students with special challenges in order to succeed academically, and that faculty support, example, and encouragement plays an important and often crucial role in the academic success of freshmen and that excellence in classroom teaching can establish patterns of learning which extend beyond the freshman year, the Plattsburgh chapter of Phi Eta Sigma presents its Distinguished Faculty Award for the academic year 1985-86 to Dr. Stuart Baum in appreciation for his contribution to our education."

Baum has been a member of the Plattsburgh State faculty since 1963. In 1976, he was the recipient of the SUNY Chancellor's Award for Excellence in Teaching. He is a member of the campus chapter of Omicron Kappa Delta, the national leadership honor society and has been involved with the Honors Program since its inception. He is the author of three textbooks.

BOARD RATE AND MEAL PLAN CHANGED FOR NEXT YEAR

The College Auxiliary Services Executive Committee has announced a change and an increase in the meal plans and board rates for the 1986-87 academic year. The twelve-meal plan has been replaced by a fourteen-meal plan, at a cost of \$647 per semester. The cost of the nineteen-meal plan was increased by 4.2% to \$685 per semester. Cheryl Hogle, a member of the executive committee, said that the committee unanimously approved the recommendations of the Food Service Evaluation Committee. The change in the meal plan option from twelve to fourteen meals came as a result of a survey of students who participate, who overwhelmingly preferred the option of two meals a day seven days a week. The increase in cost of the nineteen-meal plan, she said, was due to a projected drop in the number of students on the board plan in combination with increases in labor and other costs of operation. The \$28 increase is the smallest since 1981, she said, although there was no increase at all from 1984-85 to 1985-86 due to the change in the college calendar.

Members of the Food Service Evaluation Committee are, in addition to Hogle, Toni Bloom, Perry Cuocci, Rebecca Lynch, Colleen O'Brien, Ray Saba, and Dr. Marilyn Chase. Stan Supinski, executive director of CAS, is an ex officio member.

YOUNG SIK YANG RECEIVES \$200,000 GRANT FROM KOREAN ELECTRIC POWER COMPANY

Young Sik Yang, professor with the School of Business and Economics, who is currently on sabbatical in Seoul, has received a \$200,000 grant for research into electrical supply and demand on behalf of the Korea Electric Power Company. Jang's past research in this area led to the wide adoption in Korea of the peak load pricing structure which he had established. His present work involves the improvement of forecasting models, the computerized control of electrical demand, and an improved tariff structure with respect to long-term marginal cost of electrical energy. Jang will complete his work on the project in August and will return to campus for the fall semester.

He recently completed, with Warren Dixon, research on Hydro Quebec. Their resultant paper, "Toward Integration of Electrical Energy Projection by Hydro Quebec and The New York Power Pool," has been published in the latest Rockefeller Institute series.

KAREN NORTON WINS SAGE GRADUATE FELLOWSHIP

Karen LaVallee Norton, who will graduate summa cum laude with an individualized major in photography, has been awarded the Sage Graduate Fellowship at Cornell University. The award is the only fellowship given at Cornell's Sage Graduate Center. Norton will enter the two-year M.F.A. program. Norton has won numerous awards on campus including the 1986 Women's Studies Award for Academic Excellence and an honorary award from the Center for Art, Music and Theatre. Her photographs have appeared in several shows on campus, including this year's Juried Student Art Exhibition, and she is listed in the most recent edition of *Who's Who Among Students in American Colleges and Universities*.

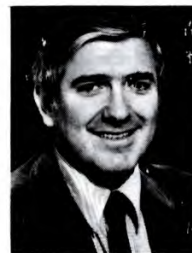

SIX EOP STUDENTS COMMENDED BY CHANCELLOR FOR ACADEMIC PERFORMANCE

Six Plattsburgh seniors in the Educational Opportunity Program have been recognized by SUNY Chancellor Clifton R. Wharton, Jr. for their academic performance during their college years. Wharton each year recognizes EOP students who will graduate from their respective institutions with a cumulative grade point average of 3.0 or better. Those students are honored guests at a banquet in Albany where their achievements are recognized by several hundred higher education professionals gathered from around the state. EOP Director Keith Smith said that having six recipients from a program with 200 participants "is disproportionately high." Last year three Plattsburgh students were honored.

The students honored by the Chancellor are Mary Bredehoft, Robert Chaykin, Aaron Cano, Leslie Irish, Sylvia Meseck-Bushey (who will graduate magna cum laude), and Susan Therrian.

LAW, VISCOMI RESIGN COACHING/TEACHING POSTS

Two members of the Physical Education and Recreation Sports Department faculty, both head coaches, have announced their resignations, effective this spring. Norm Law, assistant professor and coach of the men's varsity basketball team for the past 17 years, will leave his post on June 30, to assume the position as first assistant coach of the NCAA Division I University of Pittsburgh Panthers. Susan Viscomi, assistant professor and head coach of the Cardinal women's soccer team since 1980, will leave the college in the near future for Syracuse where her husband, Joseph, has accepted a position with an engineering/chemical consulting firm.

Law

Viscomi

In addition to coaching basketball here, Law taught physical education courses and for several years served as assistant director of athletics. Law's first year at the helm of the Cardinals came in 1976 when his team won the college's first-ever State University Conference championship and captured the NCAA East Regional and Northeastern Regional titles en route to a fourth-place finish in the Division III national championship tournament. Plattsburgh won a second SUNYAC crown under Law in 1979.

In six seasons as coach, Viscomi has led the women's soccer team from obscurity to prominence in New York State and the East. She will depart Plattsburgh with a career record of 65-27-3, and with the distinction of having guided the Cardinal women to Division III post-season tournament play in each year as coach.

EDUCATION HONOR SOCIETY INDUCTS 38 MEMBERS

Theta Kappa chapter of Kappa Delta Pi, the international honor society of education, recently inducted thirty-eight new members from elementary and secondary education, special education, health education, home economics education, and speech and hearing education. Lisa Rogers, president of the chapter, led the officers and counselors in initiating the new members in a formal ceremony. Over a hundred parents joined the new and present members at a reception following the inductions.

The new members are Tina Austin, Elaine Burgess, Valerie Cooley, Michele Correia, Paula Dumas, Brenda Fedele, Jo Anne Flint, Eileen Greene, Michele Gridley, Christine Groom, Sheila Heeran, Lisa Hill, Jo Ann Hynes, Kay Ingalls, Sheri Jones, Kathleen Kempton, Tracy King, Tanis Lydecker, Mary Mirozzi, Melissa Morissey, Mary Petteys, Sally Raymo, Scott Regis, Dawn Rhodes, Rita Rockwood, Heather Roemer, Cynthia Rosenblatt, Barbara Rowles, Kim Russell, Lori Sheldrake, Frances Smith, Michele Smith, Christine Snow, Deborah Trombley, Toni Tormos, Ellen Van Buren, Randi Weiner, and Cynthia Wlock.

Besides the chapter president, the other officers participating were Diana Scarselletta, Cheryl Schimmoller, Michelle Jennings and Brenda Crall. Mrs. Teri Catlin, associate counselor, and Dr. Hilton Heming, counselor, also participated. This chapter (established in 1954) is the oldest honor society on campus. Dr. Edward E. Redcay was its founder.

GREGORY COOK WINS WATSON ASSISTANTSHIP AT SYRACUSE

Gregory Cook, a senior history/English double major from Burke, NY, has won a Watson Assistantship at Syracuse University for graduate study focusing on Latin America. Cook has worked as a writing tutor and an undergraduate assistant for History 110. He has pursued research on colonial Brazil and historical geography and recently co-presented a paper on his research at the Plymouth Medieval Conference in New Hampshire.

SYMPHONIC BAND TO PERFORM FINAL CONCERT

The Plattsburgh State Symphonic Band, under the direction of Herm Matlock, will present a spring concert on Thursday evening, April 24 at 8 p.m. in Hartman Theatre. The program will offer a wide variety of compositional styles and techniques. "Scaramouche Symphony No. 3 for Winds and Percussion" by Kenneth M. Snork features six challenging percussion parts. Overture to "La Forza del Destino," by Giuseppe Verdi was transcribed for band by Mark Rogert. The program also includes Felix Mendelssohn's "Overture for Band," Robert Washburn's "Overture: Elkhartd 1960," Paul Whear's "Wycliffe Variations," based on the hymn tune, "Stutgard," and "Third Suite," a work in three movements by Robert Jager which exploits complex rhythms.

PHILOSOPHY STUDENTS HOST CONFERENCE ON CAMPUS

Plattsburgh's philosophy students hosted their first Student Philosophy Conference recently with presentations of eight original papers. Two papers were presented by Plattsburgh philosophy students. Eric DeCarlo discussed "Scientific Realism: Does Science Lead to a Definite World Structure?" and William Friday presented his work on "Freedom in Spinoza's Ethics." Other papers were presented by students from Earlham College, Boston University, Hampshire College, SUNY Fredonia, and the University of Southern Maine. In addition to DeCarlo and Friday, eight Plattsburgh students served as moderators for the paper sessions. They included Victoria Fox, Eric Marler, David Gillen, Robert Reuss, Gary Ritzenhaler, Traci Moorcroft, James Metcalf, and Kristin Wassey.

AUDITIONS SCHEDULED FOR SUMMER MUSICAL PRODUCTIONS

Audition dates have been scheduled for "West Side Story," and "Oklahoma," the two musicals to be presented this summer by the Center for Art, Music and Theatre. "West Side Story" will be produced during the Third Annual Summer Music Theatre Workshop, and cast members must participate in the workshop. Although two major dancing roles have been assigned to professional actors, all other roles, including the lead roles of Tony and Maria, are open. Auditions will be held in Plattsburgh on April 27 in the Myers Fine Arts Building and at John Dewey High School in New York City on May 10.

Auditions for "Oklahoma" will be held at the Myers Fine Arts Building on April 26 and 27. Members of the community are encouraged to audition. For more information on either audition session, call 564-2180.

MOODS OF THE MIDDLE EAST ON EXHIBIT IN KENT GALLERY

"Moods of the Middle East," a watercolor tour of Egypt and Israel by Ellen Heyman, will be exhibited at the Rockwell Kent Gallery through May 4. The collection was inspired by her travels in Bangladesh, Nepal, Thailand, and the United Arab Emirates. Heyman, an associate professor of art at Clinton Community College for fifteen years, has had several shows in the Plattsburgh area.

SPORTS UPDATE: TRACKSTERS PERFORM WELL IN ROCHESTER

Eric Morabito and Bill Kinahan won two events apiece to lead the Cardinal track team to a third place finish in a track meet at the University of Rochester on Saturday. Morabito won the shot put and the discus while Kinahan copped firsts in the 200 and 400. Glenn Dow won the 800 meter run in 1:55.47 while freshman Andy Hill took the 3000 meter steeplechase in 10:16.13.

The women's squad also finished third in Rochester. The Cardinals were paced by Deb Johnson's first place finish in the triple jump. Johnson's leap of 9.87 meters qualified her for the state meet. Tina Nicholson qualified for the state and ECAC meets by finishing third in the 800 meter run in 2:24.12. The 4x100 meter relay team turned in a season's best, posting a time of 52.75 seconds.

The women's team will be in action this Saturday at the SUNYAC championships in Buffalo. On Monday, both teams will return home to host the Cardinal Classic. The meet gets underway at 1:00 p.m.

The men's rugby club posted a stunning victory in the Michelob Adirondack tournament, upsetting top-seeded Saranac Lake 12-4 in the championship game. On Saturday the Pioneers will compete in Albany in regional playoff action.

96TH ANNUAL COMMENCEMENT EXERCISES SET FOR SUNDAY

Plattsburgh's 96th annual spring commencement ceremony will take place on Sunday afternoon, with approximately 1050 graduates expected to receive bachelor's or master's degrees or certificates of advanced study. The ceremony, slated to begin at 1 p.m. in the field house, will feature Dorothy Foley '53 as the commencement speaker. Foley, who is chief of the Bureau of General Education and Curriculum Development for the New York State Education Department, will also receive the college's 1986 Distinguished Alumnus Award.

Nine students will receive their degrees summa cum laude (with highest honors), having maintained a grade point average of at least 3.9 of a possible 4.0. They are: Linda Bourgault, Richard Cirino, Catherine Colburn, Kalora Finucane, Jehan Ghouse, Maurica Gilbert, Kim Lawrence, Judith McCluskey, and Karen Norton. Twenty-four students will graduate magna cum laude (with high honors), with a grade point average between 3.7 and 3.89. They are: Kathleen Buell, Michelle Cartier, Ada Chan, Wendy Fried, Christopher Hamilton, Karen Kaufman, Daniel Kenneally, Randa Khader, Sylvia Knapp, David Landolfe, Carl Lefebvre, Sylvia Meseck-Bushey, Susan Mousseau, Deborah Pacyna, Donald Pappa, Kelly Penfield, Sandra Petershagen, Karen Ralphs, Nancy Ross, Daniel Sileo, Malcolm Snell, Susan Wells, David White, and James Yuchniewicz. In addition, 79 students will graduate cum laude (with honor), with grade point averages of 3.4 to 3.69.

Commencement activities begin on Saturday afternoon, with a pinning ceremony for the 69 graduating nursing majors. From 3 - 5 p.m., Acting President and Mrs. Jerome Supple and the college's Alumni Association will host a reception for graduating seniors and their families. A semi-formal dance for graduates, their families, friends, and faculty and staff will be held in the Ballrooms from 9 p.m. to 1 a.m., with music by the Roger Thorpe Orchestra. Reservations may be made in the Alumni Office.

CLASS OF 1985 DOING WELL IN JOB MARKET

The results of the Alumni Career Survey for the Class of 1985, conducted by the Office of Career/Life Planning and Placement, show 93.3% of the members of the class who were seeking employment found it within a few months of graduation, 79.7% found positions directly related to their major, and 98.9% felt their studies at Plattsburgh prepared them satisfactorily for either their current occupation or graduate studies. Patrick Lennahan, director of CLPP, said that just under 50% of the members of the class returned the survey. Twenty-eight percent of the class are continuing their education, either on a full or part-time basis. Salaries for the new graduates ranged upward to \$60,000 and averaged (for fulltime positions) \$16,511. Asked which experiences were helpful in obtaining their first jobs, respondents cited internships and field work (68%), extracurricular activities (31.6%), summer jobs (26.2%), and part-time jobs (20.7%).

While the percentage of students who found employment has remained quite consistent for the past four years, Lennahan said, the number of students in jobs related to their major has increased by 8% during the same period. In addition, the number of students who felt that Plattsburgh had satisfactorily prepared them for employment increased from 78.6% in the classes of 1982 and 1983, to 85.1% last year, and 98.9% for the class of 1985. The number of alumni who expressed an interest in further assistance from the CLPP Office at some time in the future also jumped dramatically, from 58.1% last year to 88.7% this year.

Complete survey results will be available within the next few weeks.

ELIZABETHTOWN LAWYER NAMED TO COLLEGE COUNCIL

Jani Lynn Spurgeon, a partner in the Elizabethtown and Essex law firm Comeau and Spurgeon since June, 1985, has been appointed by Governor Cuomo to the Plattsburgh College Council for a term ending in 1992. Spurgeon earned her Juris Doctor degree cum laude from the University of Missouri-Columbia School of Law in 1982. She served as law clerk to the Honorable Scott O. Wright, United States District Court, Kansas City, Missouri, for two years and then became an associate with the Stinson, Mag and Fizzell law firm in Kansas City. Spurgeon served an internship with the Organized Crime and Racketeering Section, Criminal Division, of the U.S. Department of Justice. She is currently a member of the board of directors of Mountain and Valley In-Home Services and is also publicity chair of the Essex County Friendly Town Committee.

Acting President Jerome Supple commented, "We're very pleased to have a Council member from the Elizabethtown area. Our Council has operated without a full contingent of members for some time now and we look forward to having a person with Ms. Spurgeon's qualifications join us."

WEEKLY TO BE PUBLISHED ON MONTHLY BASIS DURING SUMMER MONTHS

In response to numerous requests from around the campus, "Weekly" will be published on a trial basis three times during the summer months. Issues will appear on approximately the fifteenth of June, July and August. Items for publication in the summer edition should be sent to Carolee Smith, Kehoe 809.

Congratulations and Best Wishes to the Class of '86

NURSING STUDENT WINS FULD FELLOWSHIP

Ann Marie Hoemann, a junior nursing major from Fayetteville, has been selected to receive a Fuld Fellowship to attend the Nursing Program of the 14th International Cancer Congress to be held in August in Budapest, Hungary. Dr. Jeanette Coleman, director of nursing, said that more than 400 students were nominated by their schools for the fellowship. Eighty were awarded. Selection was based on academic achievement, clinical performance, and respect of peers.

Hoemann is a member of Phi Eta Sigma, editor of the Student Nursing Association newsletter, and secretary of the junior nursing class.

FOUNDATION KICKS OFF FRIENDS, ORGANIZATION CAMPAIGNS

The Plattsburgh College Foundation's 1986 Friends Campaign will kick off Thursday (May 1) under the co-chairmanship of Arlene Buran, a sales agent for Paul Calkins Realty, and Michael O'Connor, Prudential Insurance agent. The basic thrust of the drive will be a letter-writing campaign, as 13 volunteers contact more than 250 non-alumni "community friends" in an effort to raise \$30,000. Last year, 157 donors contributed \$32,995. That total included one special \$10,000 gift.

Buran

O'Connor

Mannix

A campaign to contact local organizations for their support began last week under the leadership of Martin D. Mannix '64, vice president of Northern Insuring Agency. In 1985, 17 organizations gave more than \$14,000 for student scholarships at the college. This year's goal is to increase the number of participating organizations.

FACULTY SENATE ELECTS NEW OFFICERS

Dr. John Myers, professor of history, has been elected to chair the Faculty Senate for the 1986-87 academic year. "Since this is the first Faculty Senate elected under the new by-laws," Myers said, "it's virtually a whole new Senate. It will be very challenging to complete the reorganization."

In other action, Howard Miller and Michael Miranda were elected vice chair and secretary, respectively. Lawrence Arcarese and John Jacobs were elected to the executive committee. Also serving on the executive committee will be John Meyer, presiding officer of the faculty, and James Dawson, chair of the Budget and Resources Committee. Other new committee chairs are: Academic Policies — Edward Miller; Curriculum and Planning — Michael Walsh; Faculty Affairs — Teddy Leavitt; and College Services — Cheryl Hogle.

The new Senate officers will take office September 1.

FRENCH-CANADIAN INSTITUTE FOR LANGUAGE AND CULTURE TO BE HELD IN JULY

The Center for the Study of Canada will host its third annual French-Canadian Institute for Language and Culture, funded by a major grant from the National Endowment for the Humanities, from June 29 - July 26 in Plattsburgh, Montreal and Quebec City. The purpose of the Institute, according to its directors, Drs. Jeanne Kissner and Edwin Hamblet, is to provide high school teachers of French with up-to-date information on various aspects of the language and culture of French Canada. Among the topics to be addressed will be linguistic differences and current methodologies of teaching French. Pertinent information on the history, geography, economy, politics, literature, art, etc., of this vital area of North America will also be provided. The thirty teachers selected for this Institute will be given a \$1000 stipend and lodging as well as a generous amount of teaching materials. For further information, contact Kissner or Hamblet, Center for the Study of Canada, 133 Court Street, Plattsburgh, New York (518) 564-2112.

FACULTY TOWN MEETING SCHEDULED FOR MAY 8 - 9

A "Faculty Town Meeting on Learning and Teaching and Working Together" will be held on campus Thursday, May 8 and Friday, May 9, according to Dr. Ingrun Lafleur, associate vice president for academic affairs. During the two-day forum, participants will examine the questions "Who are our students and how can we transform their lives?" Dr. Zelda Gamson, professor at the Center for the Study of Higher Education and the Residential College at the University of Michigan, will be a guest speaker during the forum. Gamson is an author of one of the major national studies on higher education, *Involvement in Learning*. More information is available from Lafleur at 564-2195.

ECONOMIC DEVELOPMENT CONFERENCE SLATED FOR MAY 16

"Innovative Sources of Capital" is the title of an economic development conference to be held on campus on May 16. A year ago, more than 200 North Country citizens identified the lack of capital for economic development as one of the most pressing problems affecting the region. This is the second in a series of meetings designed to address that problem. Among the guest speakers will be Charles Collins, Director of Technical Assistance, at the Institute for Community Economics in Greenfield, Massachusetts, and representatives from the Self Help Association for a Regional Economy, the Venture Capital/Entrepreneurship Club of Montreal, the New Hampshire Community Loan Fund, and other entities involved with creative financing methods. The Technical Assistance Center is co-sponsoring the conference with SUNY Potsdam, Clarkson University, The Adirondack North Country Association, the North Country Regional Economic Development Council, and the NYS Department of Commerce.

OMICRON DELTA KAPPA CELEBRATES FIVE YEARS ON CAMPUS

Omicron Delta Kappa, the national leadership honor society, is celebrating its fifth anniversary on the Plattsburgh campus. During those five years, 342 students, faculty, staff members and alumni have been inducted into the honor society. In addition, honorary membership has been granted to Dr. Edward E. Redcay, E. Glenn Giltz, Dr. Kenneth Taylor, Dr. H.T. Frierhood, and Colonel Donald Miller. In three of the last four years, Plattsburgh's nominees (James DeLuca, Roger Sadler, and Susan Coughlin) were named Province I Leaders of the Year. Edward Asselin was recently elected to a second term as ODK Province I Student Director, and Dr. Eldridge Roark has completed a term as Faculty Director and was recently elected to a second term as National Vice President.

SPORTS UPDATE; SUE HUTCHINS SETS RECORD

The women's track team competed in the SUNYAC track and field championships at SUNY at Buffalo on Saturday. Junior Sue Hutchins of Malone won the 400 meter dash in a new meet and stadium record 58.94 seconds. She also placed sixth in the 200 meter dash with a time of 27.36 seconds.

Kathy Kane took fourth in the 1500 meter run in 4:49.1 and senior Cheryl Miner finished fourth in the 800 meter run with a 2:23.36 effort.

Susan Alfieri finished sixth in the 100 meter dash and ran a leg on the sixth place 4x100 meter relay team with Hutchins, Miner and freshman Deb Johnson.

This weekend the women will compete at the state meet in Albany while the men will travel to Buffalo for the SUNYAC championships.

President Joseph C. Burke Appointed SUNY Provost

Dr. Joseph C. Burke, president of the State University of New York College at Plattsburgh, will become provost of the University and a member of its Central Administration in Albany, effective September 1.

Burke, who has been acting SUNY provost since last November, was formally appointed to the post today (June 18) by the State University of New York Board of Trustees. The provost is the chief academic officer of the university.

Burke became president of the College at Plattsburgh in 1974, after serving one year as vice president for academic affairs. He succeeded the late Dr. George W. Angell, who was Plattsburgh's president from 1954-74.

During his tenure as president, Burke set forth as one of his goals that the College at Plattsburgh "should become and be perceived as the best comprehensive arts and science college within the State University system." To achieve that goal, he reorganized several of the departments of the college into multidisciplinary centers, created a School of Business, implemented a "Value-Added Program" and a "Writing-Across-the-Curriculum Program," and spearheaded an enrollment management campaign to improve student recruitment and increase student retention.

A Middle States Accreditation Evaluation team summed up Burke's accomplishments in a 1982 report, saying, "We regard (President Burke) as a remarkable President — an effective leader outside the college and within, a strong administrator and manager, and most importantly, a chief officer of strong academic values and excellent academic tastes."

During his presidency, Burke has served on numerous SUNY-wide committees and councils, including the State University Committee on System-wide Priorities for the Eighties, the SUNY Presidents' Council, the Chancellor's Advisory Council, and the

Chancellor's Committee on General Education.

He is currently working on a book-length manuscript entitled *Models of Governance: From Bureaucracy to Anarchy and Back to Bureaucracy*.

He has also been active in community affairs, serving as chairman of the board of the Technical Assistance Center, and a member of the Rural Advisory Council for New York, the Northeastern Advisory Board of Key Bank, and the Corporations of both the Champlain Valley Physicians Hospital Medical Center and the William H. Miner Agricultural Foundation.

Prior to coming to the college at Plattsburgh, Burke served as academic vice president of Loyola University of Montreal, professor of history at Duquesne University in Pennsylvania, and instructor of history at Ohio Wesleyan University.

Burke is a graduate of Kentucky's Bellarmine College and holds an M.A. and a Ph.D. from Indiana University.

His wife, Joan, is a clinical social worker and marriage counselor and has a private practice in the Plattsburgh area. The Burkes have two daughters, Maura Dykhuis, a business consultant in Washington, D.C., and Colleen Burke, a manufacturer's representative in New York City.

How the Search for a President Will be Conducted

The search for the seventh president of the State University of New York College at Plattsburgh will be conducted under guidelines adopted in 1972 by the SUNY Board of Trustees.

The Plattsburgh College Council will appoint a presidential search committee, which normally includes representatives from the faculty, staff, administration, alumni, and student body. A member of the SUNY Central Administration will serve as liaison to the committee.

The position will be advertised on a national scale and both nominations and applications will be accepted. Having developed a list of candidates, the

McConville, Brohel Win 1986 Chancellor's Awards

Dr. Barbara McConville, associate professor in the Center for Teacher Education and Educational Services, and gallery director Edward Brohel have been selected to receive the 1986 Chancellor's Awards for Excellence in Teaching and Professional Service, respectively. A total of 51 teachers, professional staff members and librarians from 27 SUNY campuses were selected for the annual awards presented by SUNY Chancellor Clifton R. Wharton, Jr.

McConville joined the education faculty in 1977 after gaining public school teaching and administrative experience in several Long Island school districts. She teaches special education students on both graduate and undergraduate levels. McConville chairs the

McConville

Center's curriculum committee and coordinates the undergraduate program in special education. She is a member of the Honors Council, the Academic Convocation Committee, the Center's evaluation group, and the Faculty of Professional Studies program and course review committee.

Brohel

Brohel has directed the college's art galleries since 1978 and also serves as assistant director of the Center for Art, Music and Theatre. As gallery director, he is responsible for the college's extensive permanent art collection and for the many exhibitions held in the Myers Gallery and the Rockwell Kent Gallery. During the past few years, Brohel has initiated and implemented the "Museum Without Walls" concept on the campus. This program integrates quality art into the environmental fabric of the college outside the confines of the galleries.

Brohel originated and served as co-director of "The Educated Eye," an exhibition of works drawn from the various SUNY campus collections. The exhibition was shown at the New York State Museum for six months. He has chaired the Council of SUNY Gallery and Exhibition Directors since 1979, and, since 1981, has been a member of the executive committee of the University-Wide Committee on the Arts.

He is a member of the Campus Beautification Committee, the Campus Arts Council and the Distinguished Professor Committee.

1952 Alumnus Named 1986 Humanitarian of the Year

Dr. Xenophon 'Jim' Damianos '52 has been selected by the Long Island Charities Foundation to receive their 1986 "Humanitarian of the Year" award. Edwin Long, chairman of the foundation said, "We are honoring Dr. Damianos for his contributions to the fields of education, medicine, and business. Jim is the epitome of a man who has made it to the top (yet) he has always taken the time to give back to Long Island his skills and deep regard for humanity."

After his graduation from Plattsburgh, Damianos taught school on Long Island and earned a master's degree in education from New York University. He later earned a Doctor of Medicine degree from the University of Bologna in Italy and has practiced family medicine in Stony Brook, Long Island for the past 20 years. He has also been involved in area development and construction.

He is married to the former Virginia Sturrock, a 1950 graduate of Plattsburgh's school nurse-teacher program. She is currently serving as vice president of the college's Alumni Association.

Canadian Studies Receives \$11,900 Curriculum Grant

The Center for the Study of Canada has received an \$11,900 grant from the Canadian Government to continue several curriculum development projects. Dr. Richard Beach, Center director, said that the money will be used to revise the now outdated Canadian Studies Resource Guide for Secondary School Teachers and to develop new curriculum materials for seventh and eighth grade in time for the implementation of the new state syllabus next fall. Canadian Studies faculty members and administrators will be involved in the projects during the next two years.

Bogucki/Gruendling Test Impact of Lampricide on Area Wetlands

Drs. Donald Bogucki and Gerhard Gruendling, professors in the Center for Earth and Environmental Science, have signed a \$25,000 contract with the NYS Department of Environmental Conservation to evaluate the potential impact of lampricide on Lake Champlain wetlands. Bogucki and Gruendling will

trace the flow of a special dye added to the waters of the Little Ausable River, the Ausable River and Putnam Creek and will map and analyze the results. Their part of the project is being done in conjunction with other studies being conducted on a total of 19 Lake Champlain tributaries. This project is being undertaken prior to injection of a chemical designed to kill lamprey eels in the lake.

NYSACAC Conference Held on Campus

Well over 350 high school guidance counselors and college admissions counselors attended the annual meeting of the New York State Association of College Admissions Counselors held on campus June 1-3. Dr. Lawrence Shaffer delivered the keynote address on Sunday evening, and a wide selection of workshops were held during the three-day conference.

Theatre Group Supports Jackstadt Fund with \$300 Grant

The Plattsburgh Little Theatre group recently donated the proceeds (\$300) from two presentations of "Relatively Speaking" to the Plattsburgh College Foundation in memory of Dorothy "Billie" Jackstadt, the late college registrar. Little Theatre member William Laundry explained that "Billie was active in the Little Theatre from the early 1950's and was an officer for many, many years."

Robert M. Garrow '53 to Chair College Council

SUNY Plattsburgh alumnus Robert M. Garrow has been appointed by Governor Mario Cuomo as chairperson and member of the College Council. Garrow, a 1953 graduate, assumes the post formerly held by Plattsburgh attorney Louis E. Wolfe, who resigned from the Council in December, 1985. The appointment is effective immediately.

"We're very pleased with the Governor's choice," said Dr. Jerome Supple, acting president at SUNY Plattsburgh, "not only because Bob is one of our most loyal and active alumni, but also because of his outstanding record of public service in the North Country."

The 10-member College Council supervises the operations and affairs of the local campus in accordance with rules established by the State University Trustees. The governor appoints nine of the ten members, generally for seven year terms. The president of the Plattsburgh Student Association holds a

one-year term. Council members meet about five times each year and receive no compensation for their services. One of the Council's most important duties, which is particularly relevant to SUNY Plattsburgh at this time, is to recommend a new president to the SUNY Board of Trustees.

Garrow, currently principal of Monty Street School, has been a teacher and administrator in the Plattsburgh City School District for more than 33 years. He has served as director of federally funded programs within the district for the past 13 years.

He began his political career as a Town of Plattsburgh councilman, serving from 1953-72. In 1972, Garrow was elected to represent Area 4 (most of the town of Plattsburgh) in the Clinton County Legislature, and he is currently in his seventh term as a county legislator. He chaired the legislature in 1984 and 1985.

An outstanding baseball, basketball and soccer player during his college career, he was inducted, in 1984, as one of five charter members of the SUNY Plattsburgh Hall of Fame.

In addition to his bachelor's degree, Garrow also holds a master's degree in education for SUNY Plattsburgh.

Thirty Teachers Enrolled in Third French-Canadian Institute

Thirty French teachers from 21 states and the District of Columbia are learning about French Canada during the third French-Canadian Institute for Language and Culture being held at SUNY Plattsburgh this month. Dr. Jeanne Kissner, who co-directs the Institute along with Dr. Edwin Hamblet, explained that the program is designed to familiarize teachers of French with not only the French Canadian language, but French Canadian culture, history, economics, politics, and geography as well.

The teachers chosen to attend the Institute spend two weeks on the Plattsburgh campus, one week in Montreal, and one in Quebec City. Half of each day is spent in instruction in the French Canadian language. The other half is spent in lessons on such topics as "The Geography of French Canada," "The Cities of French Canada," and "Quebec Through Its Literature." During their week in Montreal, the participants will tour the city, continue their French instruction, visit several museums and bookstores, and visit the United States Consulate. In Quebec City, Institute participants will be the guests of the Quebec Government at a reception

in the historic Lower City. They will also visit several Quebec City high schools where they will meet with local teachers of French and English to arrange exchange visits of pupils from Quebec and the United States. The French-Canadian Institute for Language and Culture is funded through a major grant to the college's Center for the Study of Canada from the National Endowment for the Humanities (NEH). Originally funded for a two-year period, reviewers for the NEH were so impressed with the first two years of the program that they agreed to fund it for an unprecedented third year.

TAC Wins Continuation Grant

The Technical Assistance Center (TAC) has received a one-year continuation grant in the amount of \$80,000 from the U.S. Department of Commerce's Economic Development Administration. Stephen Hyde, director of TAC, explained that the grant will allow the center to continue its work toward improving economic conditions in the North Country. Some of the activities

(Continued on next page)

(Continued from page 1)

TAC plans to pursue in the next year are development of a strategy among North Country colleges for involvement in regional business assistance and economic development projects; establishment of an independent, non-profit corporation to serve as a matching service between prospective informal investors and businesses seeking equity; and continued provision of business counseling services which in turn help to create jobs and stimulate capital investment. TAC also plans to offer several seminars to help participants reduce operating costs or identify innovative profit-making opportunities and to work to attract Canadian firms to the TAC service area.

The Technical Assistance Center is located in Sibley Hall on Rugar Street. TAC offers a wide range of business assistance and counselling services to large and small businesses as well as to municipalities.

Environmental Science Faculty Find Largest Gray Birch

Three SUNY Plattsburgh scientists have discovered the largest known gray birch tree yet to be found in the United States. The tree has been recognized by the American Forestry Association and added to the National Register of Big Trees. Drs. Kenneth Adams, Donald Bogucki and Gerhard Gruending, all faculty members of the Center for Earth and Environmental Science, came across the tree while conducting a wetland area survey near Fort Montgomery in Rouses Point. The tree was measured at 62 feet in height, 36 feet in crown spread, and 65 inches in diameter.

"Gray birches are not large trees," Adams said. "They typically grow about 20-30 feet high, and one with a diameter of 50 inches would be considered large."
